How to use / When it’s useful

Quick answer: place the nappina on the top of your cappello alpino where the disc normally sits and secure it according to your hat’s attachment method. It is typically paired with the hat feather and worn as a unit identifier.

In most cases, the nappina verde is used by members of the Alpini and by enthusiasts for display, reenactment, or uniform restoration. Specific units using the green nappina include the 2° Reggimento Alpini Saluzzo, 6° Reggimento Alpini Bassano, Battaglione Cividale, Belluno and Edolo, and the schools of Foligno and Bassano.

Care and notes

Simple care will keep the nappina looking correct and extend its life; treat wool gently and store in a dry place.

- Keep dry and avoid prolonged exposure to moisture to protect the wool and wood.
- Clean gently with a soft brush; avoid harsh chemicals or soaking.
- Store flat or in a hat box to maintain shape and prevent crushing.
