How to use / When it’s useful

Quick answer: place the nappina on the top of the Alpini hat and secure it as the hat design allows; it is mainly used for ceremonial wear, historical displays, and uniform restoration. In most cases, it is used by members or veterans of Alpini units, reenactors, collectors, or stores selling military surplus and tactical gear.

This nappina is commonly seen with units such as the Battaglione Alpini Gemona, the 7° Feltre and Morbegno, and it was historically used by units like Val Tagliamento, Mondovì, Val Cismon and the 21° Alpini d'Arresto Val d'Adige. Use it to complete an Alpini hat for display, ceremony, or authentic uniform presentation.
