Product short description:

Green Tassel with Gold 1 is an elegant accessory for marking a special milestone. Suited for graduations, birthdays and anniversaries, it brings a refined touch of color and symbolism to any celebration.

- **Material:** Crafted from quality materials for a neat, durable finish.
- **Use:** Ideal for graduation caps, gifts, party decorations and keepsakes.
- **Design:** Classic green tassel accented with a gold numeral 1 for a distinctive look.
- **Versatility:** Easy to coordinate with existing decor and memorable as a token.

Product description:

Product overview

The **Nappina Verde with Numeral 1** is a wool-covered tassel disk for the Alpini hat, designed for Alpini veterans, collectors of military surplus, and tactical-gear enthusiasts who want an authentic historical detail. It fits most standard Alpini hats and adds the embroidered yellow “1” numeral used by mountain artillery units.

Definition: a nappina is a small wooden disk covered in wool that sits on top of the Alpini hat and often holds the feather or plume in place.

Main features

Simple, historically inspired construction and clear visual identification make this nappina suitable for uniform use, display, or restoration projects.

- **Traditional design:** oval wooden disk covered in wool for an authentic Alpini look.
- **Embroidered numeral:** yellow thread “1” embroidered on the green backing for clear identification.
- **Durable materials:** made with quality components intended for long-lasting use and reasonable weather resistance.
- **Easy fit:** made to be inserted on the top of most Alpini hats without special tools.
- **Historical use:** style associated with the first battery of mountain artillery.

How to use / When it’s useful

Quick answer: insert the nappina on the top of the Alpini hat where the feather is normally mounted; it should sit securely for routine wear and display. In most cases, no modifications to the hat are needed.

Use it for formal Alpini dress, historical reenactment, military surplus collections, or to restore period-correct headgear. It is practical for duty-themed displays and for anyone wanting an accurate Alpini accessory.

Care and notes

Basic care preserves appearance and longevity; handle gently and store in a cool, dry place when not in use.

- Avoid prolonged exposure to heavy rain or soaking to protect wool and embroidery.
- Do not machine wash; spot-clean gently with a soft cloth and mild soap if needed.
- Store away from direct sunlight to prevent color fading of the wool and thread.

FAQ

Q: Is the nappina compatible with all Alpini hats?

A: Yes. It is designed to fit most standard Alpini hats used for troop roles. Minor variations in hat style may require a slight adjustment when inserting.

Q: How do I apply the nappina to my hat?

A: Simply insert the nappina on the top of the hat where the feather is mounted. It is made for easy placement and removal without tools.

Q: What materials are used for the tondino (disk)?

A: The disk is wooden and covered in wool, matching traditional construction used for Alpini troop nappine.

Q: Is the numeral 1 hand-embroidered?

A: Yes, the yellow “1” is embroidered in thread to provide a clear, quality finish consistent with historical detail.

Q: Is the nappina weather resistant?

A: It is made from quality materials intended for durability and reasonable resistance to outdoor conditions, though care is recommended in heavy or prolonged wet conditions.

Q: Is this item always in stock?

A: Availability can be limited; demand is often high for period-accurate Alpini accessories. If stock is low, consider adding it to your cart or checking related items.

Tip: Choose the correct variant that matches your Alpini hat style and browse related military surplus and tactical gear items to complete your uniform or collection.
