Product features:

Product short description:

Official US Navy Top Gun Fighter Weapons School patch — a historic embroidered insignia for aviation enthusiasts and collectors, offering a tasteful nod to naval fighter pilot heritage.

- **Material:** High-quality embroidery for clear detail and durable wear.
- **Design:** Accurate stitching and vivid colors that reflect the fighter pilot emblem.
- **Use:** Ideal for jackets, backpacks, rucksacks or display in a collection.
- **Authenticity:** Official US Navy Top Gun Fighter Weapons School patch, a symbol of precision and courage.

Product description:

Product overview

The US Navy Top Gun Fighter Weapons School Patch is an embroidered iron-on patch for aviation fans, military surplus collectors, and anyone wanting a historic US Navy emblem on

jackets, backpacks, caps or gear. Definition: an embroidered, heat-seal reproduction of the Top Gun Fighter Weapons School insignia.

It features the central "TOP GUN" name with a stylized F-14 aircraft and the crescent text "United States Navy Fighter Weapons School." This is a collectible patch with limited availability for tactical, military surplus, and duty-style use.

Main features

Clear, durable embroidery and easy iron-on application make this patch suitable for everyday use on most casual and tactical fabrics.

- **Distinctive design:** "TOP GUN" at center, stylized F-14 motif and crescent text "United States Navy Fighter Weapons School."
- **Embroidered quality:** Precise stitching for long-lasting detail and clarity.
- **Iron-on backing:** Heat-seal backing allows quick application with an iron—no sewing required.
- **Visible size:** Measures 10 cm across (product notes also list 8 cm in one place; check the selected variant).
- **Washable:** Designed to withstand normal machine washing when cared for properly.

How to use / When it’s useful

Apply the patch with a hot iron on suitable fabrics (cotton, denim, canvas). Place the patch, cover with a cloth, press firmly for several seconds, then allow to cool for best adhesion.

Quick answer: It’s ideal for jackets, backpacks, caps and tactical bags. In most cases, avoid using on delicate fabrics like silk or heat-sensitive synthetics; for those, sew the patch on instead of ironing.

Care and notes

Follow simple care steps to keep the colours and stitching intact; handle removal carefully to avoid fabric damage.

- Machine wash cold to preserve colours; avoid bleach.
- Do not iron directly over the embroidered face; use a protective cloth when applying.
- Removal may leave adhesive residue—test on a scrap or choose sewing if you expect to remove it later.
- Avoid ironing onto delicate or heat-sensitive materials to prevent damage.

FAQ

Q: How do I apply the patch?

A: Position the patch, cover with a thin cloth, press a hot iron firmly for several seconds, and let it cool. For extra hold, sew the edges after ironing.

Q: Can I machine wash garments with the patch?

A: Yes. Wash in cold water and avoid bleach to preserve colours and stitching. Turn the garment inside out for gentler washing.

Q: What are the exact dimensions?

A: The listed size is 10 cm across. Note: one product note also mentions 8 cm—please check the chosen variant before purchase.

Q: Can I remove the patch after applying it?

A: The patch can be removed, but adhesive residue may remain and some fabrics could be affected. Consider sewing on a patch if you plan to remove it later.

Q: Is this an official US Navy-issued item?

A: This patch reproduces the US Navy Top Gun insignia for civilian and collector use. It is sold as a collectible, not as official issued Navy equipment.

Q: Is the patch suitable for all fabrics?

A: It works well on cotton, denim and canvas. Avoid ironing directly onto delicate fabrics like silk or heat-sensitive synthetics; sewing is recommended for those materials.

Tip: Check the patch size before adding to cart and pick the variant that fits your garment or gear. Browse related tactical and military surplus patches to complete your collection or match a duty-style setup.
