Product short description:

The Patrol Molle Olive Green Tactical Backpack is a durable, water-resistant pack designed for hikers, campers and outdoor enthusiasts who need organized storage and adaptable carry options.

- **Design:** Molle webbing lets you attach pouches and customize the layout for tools and accessories.
- **Storage:** Multiple compartments and pockets provide ample, organized space for gear.
- **Material:** Robust, water-resistant fabric offers protection and long-term durability.
- **Comfort:** Adjustable, padded shoulder straps ensure comfortable carry on long treks.

Product description:

Product overview

The Patrol Molle Tactical Backpack – Olive Drab is a 30?liter tactical pack designed for military, police, duty and outdoor users who need a durable, organized carry solution. It combines a rugged nylon 1000D construction with modular MOLLE attachment points for customizable

loadouts.

Definition: a compact tactical backpack built for field use, daily duty and outdoor activities. The pack suits users who need quick equipment access, hydration compatibility and reliable carry comfort.

Main features

Key features give clear organization, weather resistance and modularity without adding unnecessary bulk.

- **Material & capacity:** Nylon 1000D construction, 30 liters total capacity.
- **Main compartment:** 46 x 25 x 12.5 cm — fits laptops, tablets and devices within these dimensions.
- **Secondary compartments:** 38 x 20 x 5 cm; upper front pocket 10 x 18 x 6.5 cm; lower front pocket 25 x 20 x 6.5 cm for small items and quick access.
- **Hydration and MOLLE:** Compatible with hydration systems up to 2.5 liters; MOLLE webbing and D?rings for modular pouches and extra gear.
- **Carry system:** Padded shoulder straps, adjustable sternum strap, waist/hip strap, side compression straps and a padded mesh back for ventilation.
- **Durability:** Reinforced handle and heavy?duty zippers designed for repeated field use.

How to use / When it’s useful

Quick answer: use this backpack for patrol, duty shifts, day hikes, commutes or any situation requiring organized tactical carry. Its compartment layout lets you separate electronics, documents and small tools for fast access.

In most cases, attach extra pouches to the MOLLE webbing and fit a hydration bladder up to 2.5 L for longer outings. The padded straps and compression straps help stabilize loads during movement.

Care and notes

Basic care keeps the backpack functional and extends its service life.

- Spot clean with mild soap and water; avoid machine washing to protect fabric and webbing.
- Material is water?resistant (nylon 1000D) but not fully waterproof; use a rain cover for prolonged wet conditions.
- Check hydration bladder compatibility before use and route the hose as needed through the pack openings.
- Avoid excessive overloading; distribute weight using the waist strap and compression straps.

FAQ

Q: What is the backpack capacity?

A: The pack holds 30 liters of gear, distributed across the main and front compartments for organized storage.

Q: Is it compatible with hydration systems?

A: Yes. It supports hydration systems up to 2.5 liters and includes routing for the drinking tube.

Q: What are the dimensions of the main compartment?

A: The main compartment measures 46 x 25 x 12.5 cm and can carry laptops, tablets or other devices that fit within those dimensions.

Q: Is the backpack waterproof?

A: The nylon 1000D fabric is water?resistant and performs well in light rain, but the pack is not fully waterproof. Use a rain cover for heavy or prolonged exposure to water.

Q: Can I use this pack for daily duty or police work?

A: Yes. The Patrol Molle design is suitable for duty, police, military surplus users and outdoor enthusiasts who need modular organization and quick access.

Q: Is the pack modular with additional pouches?

A: Yes. The MOLLE webbing and D?rings allow you to attach compatible pouches and accessories for mission?specific loadouts.

Tip: Choose the variant or color that best fits your role (duty, tactical or outdoor). Consider related pouches, hydration systems or rain covers to complete your setup before finalizing the purchase.
