Product short description:

TW 1000 Lady Pepper Personal Defense Spray is a compact, easy-to-use pepper spray designed for personal protection, particularly for women, commuters and students. It offers a non-lethal deterrent intended to help you create an opportunity to escape from a threatening situation.

- **Model:** TW 1000 Lady pepper spray, compact canister ideal for everyday carry.
- **Content:** Pepper-based deterrent formulated to cause temporary incapacitation and allow a safe exit.
- **Use:** For personal self-defense in urban environments; fits purse, backpack or pocket.
- **Safety:** Read manufacturer instructions carefully and check local laws before purchase or carry.

Product description:

Product overview

The TW 1000 Lady Spray Difesa Personale Peperoncino is a compact pepper spray designed for personal self-defense, marketed specifically for women seeking an easy-to-carry deterrent. It is an oil-based chili pepper spray in a 20 ml canister, made for short-range protection.

Definition: a small, handheld pepper spray (10% chili pepper oil) intended to temporarily irritate an attacker’s eyes and airways to allow safe retreat. Suitable for everyday carry, tactical, and duty-minded users who want a discreet personal defense option.

Main features

Practical, compact, and straightforward: the TW 1000 Lady offers a controlled cone spray, clear capacity marking, and a compact size for pocket or bag carry.

- **Concentration:** Oil-based chili pepper solution at 10% concentration.
- **Volume:** 20 ml canister.
- **Effective range:** Cone spray up to 3 meters for safe distancing.
- **Size:** 10.5 cm length — fits in a purse or pocket.
- **Immediate effect:** Causes rapid irritation to eyes and respiratory tract to allow escape.

How to use / When it’s useful

Quick answer: Aim at the attacker’s face from a safe distance and spray in short bursts, then move away from the area immediately. Use only in genuine self-defense situations.

In most cases, this spray is useful for deterring human attackers or aggressive animals and creating time to leave the scene and call for help. After use, avoid the contaminated area and contact local authorities if needed.

Care and notes

Store and handle the spray with care to ensure readiness and safety.

- Keep in a cool, dry place away from direct heat or sunlight.
- Keep out of reach of children; sale may be restricted for minors in some areas.
- Use only in legitimate self-defense; improper use may be illegal.
- In case of accidental contact, rinse eyes with water and wash skin with soap.

FAQ

Q: How long does the effect last?

A: The irritant effect is immediate and typically lasts several minutes, long enough to create an opportunity to retreat. Duration varies by individual and exposure.

Q: Is it legal to carry this spray?

A: Carrying pepper spray is permitted in many places when used for genuine self-defense, but laws vary. Check local regulations before purchase and use.

Q: How should I store the spray?

A: Store in a cool, dry place away from heat and sunlight, and keep it out of reach of children. Do not puncture or expose the canister to high temperatures.

Q: Can I use this spray against aggressive animals?

A: Yes, it can be effective against aggressive or nuisance animals, providing a non-lethal deterrent to allow you to move to safety.

Q: What should I do in case of accidental contact?

A: If contact occurs, rinse the affected eyes immediately with water and wash exposed skin with soap and water. Seek medical attention if symptoms persist.

Q: What is the spray range and capacity?

A: The TW 1000 Lady has an effective cone spray up to 3 meters and contains 20 ml of a 10% chili pepper oil solution. Its compact 10.5 cm size makes it easy to carry.

Tip: Choose the right variant or size for your needs and check related personal defense and tactical items to build a complete everyday carry kit. Consider reviewing local rules and matching the product to your daily routine before purchase.
