Product short description:

Blank-firing 92 FS pistol with a chromed finish, suitable for collectors, training, film and display use. It reproduces the appearance of the classic 92 FS and is intended for use with blank ammunition only.

- **Material:** Chromed metal finish with realistic external details.
- **Model:** 92 FS blank-firing pistol replica.
- **Use:** Training, theatrical productions, signaling, and collector display.
- **Ammunition:** Designed for blank cartridges only; not for projectiles.
- **Notes:** Check local laws before purchase and review the product photos for condition and included items.

Product description:

Product overview

The Pistola a Salve 92 FS Cromata is a chrome-finish blank-firing pistol made in zama, designed for collectors, film and stage use, signaling, and personal deterrence. Definition: this is a blank-

firing pistol that uses 8 mm and 9 PA blank cartridges and is authorized for sale and possession by the Ministero dell'Interno.

Built for durability and realistic handling, the 92 FS Cromata comes ready-to-use with a cleaning brush and a transport case. Its loud report and visible muzzle flash make it useful for deterrence and training in tactical, police-style, or military surplus applications.

Main features

Compact, well-balanced, and authorized for civilian sale — key specifications at a glance:

- **Construction:** Zama (zinc alloy) body for long-lasting resistance.
- **Magazine capacity:** Double-stack magazine: up to 16 rounds (8 mm cartridges) or 10 rounds (9 PA).
- **Dimensions:** Length 21.5 cm; height 137 mm; maximum thickness 35 mm.
- **Weight:** 1.1 kg — balanced for handling.
- **Included accessories:** Bristle cleaning brush and carrying case.
- **Safety feature:** Red muzzle insert to prevent the exit of solid projectiles.
- **Authorization:** Authorized by the Ministero dell'Interno for free sale and possession.

How to use / When it’s useful

Quick answer: use the Pistola a Salve 92 FS Cromata only with the correct blank cartridges (8 mm or 9 PA) and the included accessories for storage and cleaning. It is useful as a prop, a signaling device, or for demonstration and deterrence scenarios.

In most cases, users choose this blank pistol for realistic feel and loud acoustic effect during training, film work, or as part of a military surplus-style collection. Always follow safe handling practices and the supplied safety features before and after firing.

Care and notes

Basic care keeps the pistol reliable and safe to use. Follow these simple maintenance and safety points:

- Use only specifically manufactured blank cartridges (8 mm or 9 PA) as recommended.
- Do not remove or alter the red muzzle insert; it prevents solid projectiles from leaving the barrel.
- Clean regularly with the included bristle brush and store in the supplied case.
- Keep out of reach of children and handle responsibly.

FAQ

Q: Is the Pistola a Salve 92 FS Cromata legal?

A: Yes. The product is authorized by the Ministero dell'Interno for free sale and possession in Italy. Always comply with local rules where you live.

Q: What is the magazine capacity?

A: The double-stack magazine holds up to 16 rounds with 8 mm cartridges or up to 10 rounds with 9 PA cartridges.

Q: Which accessories are included?

A: The pistol includes a bristle cleaning brush and a transport case for storage and safe handling.

Q: What are the dimensions and weight?

A: Length 21.5 cm; height 137 mm; maximum thickness 35 mm. Weight is 1.1 kg for a balanced feel.

Q: What cartridges should I use?

A: Use only the specific blank cartridges indicated (8 mm or 9 PA). Do not use live ammunition or non-blank rounds.

Q: Does the pistol have safety features?

A: Yes. It has a red insert at the end of the barrel designed to prevent solid projectiles from exiting. Standard safe-handling practices should always be followed.

Tip: Choose the cartridge type and any accessories that match your intended use (prop work, signaling, training), and check related items like extra magazines and protective gear to complete your setup.
