- **Organization:** Internal sections help keep paperwork and writing tools tidy.
- **Design:** Vegetato pattern provides a distinctive, military-style look.
- **Durability:** Built to withstand regular use and accompany you from work to everyday outings.

Product description:

Product overview

The M16 Document and Notes Pouch Vegetato is a compact, tactical pouch designed for military personnel, police, and duty staff who need fast access to documents, pens and small mission items. Definition: this is a small, book-style document pouch optimized for field use and organized carry.

Built for organized, on-duty readiness, the pouch offers internal pen and document pockets, an external mesh pocket, an external strap application and M.O.L.L.E compatibility. Its compact size and Italian flag patch make it suitable for uniform carry or storage inside a tactical backpack.

Main features

Key functional features that support quick access and secure storage:

- **Robust design:** built for regular field use and everyday duty carry.
- **Book-style opening:** fast, one-handed access to documents and a notebook.
- **Internal organization:** dedicated pockets for pens, documents and small essentials.
- **External mesh pocket:** extra storage for items that need quick access.
- **External strap application (7.5 x 5 cm):** attach or secure additional items.
- **M.O.L.L.E ready:** compatible with modular pouches and attachments.
- **Internal vinyl pocket:** protective sleeve for maps or sensitive papers (not fully waterproof).

How to use / When it’s useful

Use it as a personal document organizer on patrol, during checks, training or travel. It fits on uniforms or inside tactical packs and works well in police, security, and military contexts where quick access to notes and papers is required.

Quick answer: carry it on your vest, belt or inside a backpack for instant access to documents and pens. In most cases, the pouch is used for maps, ID, brief notes and small tools that need to stay organized and protected in the field.

Care and notes

Basic care keeps the pouch functional and preserves the vinyl sleeve and attachment points.

- Wipe clean with a damp cloth; avoid machine washing or harsh detergents.
- Do not submerge the pouch; the internal vinyl pocket protects contents but is not fully waterproof.
- Remove attached M.O.L.L.E items before aggressive cleaning to avoid damage.

FAQ

Q: What are the pouch dimensions?

A: The dimensions are 18.5 x 12.7 cm in height with a depth of 2 cm. These compact measurements are designed for easy uniform or backpack carry.

Q: Is the pouch compatible with the M.O.L.L.E system?

A: Yes. The pouch is M.O.L.L.E ready and can accept compatible pouches and modular attachments for mission-specific customization.

Q: Is the internal vinyl pocket waterproof?

A: The internal vinyl pocket offers reliable protection for documents and maps but is not fully waterproof. Avoid prolonged exposure to heavy rain or immersion.

Q: Can I customize the pouch?

A: Yes. The external strap application (7.5 x 5 cm) plus M.O.L.L.E compatibility allow for practical customization with approved accessories.

Q: Is this pouch only for military use?

A: No. While designed for military personnel, it is also suitable for police, security, outdoor professionals and anyone needing organized, tactical document carry.

Q: What is the external strap size for attaching items?

A: The external strap application measures 7.5 x 5 cm and can be used to secure small items or further modular attachments as required.

Tip: Choose the variant or placement that matches your kit (uniform, vest or backpack) and check related tactical organizers and M.O.L.L.E accessories to complete your setup without oversizing your carry.
