- **Fit:** Classic cut that complements casual and functional outfits.
- **Durability:** Crafted with attention to detail for long-lasting wear.
- **Style:** Authentic alpine look that pairs well with outdoor gear.

Product description:

Product overview

The Norvegese Alpina Panno Kaki field cap is a traditional Italian military wool cap originally issued to Officers, Non-Commissioned Officers and Volontari in Servizio Permanente (VSP). It is aimed at collectors, reenactors and users seeking authentic military surplus, tactical or duty headwear.

Definition: the Norvegese Alpina is a wool cap made on khaki wool cloth with no earflaps,

historically used by alpine troops since the 1950s.

Main features

Well balanced between historical authenticity and practical use, this cap offers durable materials and simple customization options.

- Construction: wool on khaki wool cloth for warmth and breathability.
- Design: no earflaps for improved ventilation during activity.
- Customization: accepts a reduced-size fregio (badge), available metal or embroidered.
- Target use: suitable for cool (not extreme) conditions, field use, collections and tactical/military surplus displays.
- Size range: head circumference 54–63 cm covered (S to XXL).

How to use / When it’s useful

Quick answer: wear the Norvegese Alpina as a warm, breathable cap for cool-weather field work, duty, or as part of a historical kit. In most cases, it performs best where moderate insulation and good ventilation are needed.

To choose a size, measure the widest part of the head with a tailor’s tape—just above the ears and across the eyebrows—and match the measurement to the size chart below. If your measurement falls between sizes, pick the larger size for comfort.

Care and notes

Keep in mind this is a wool garment made on khaki cloth—handle and store it as you would similar wool headwear to preserve shape and appearance.

- Size chart: 54–55 cm = S, 56–57 cm = M, 58–59 cm = L, 60–61 cm = XL, 62–63 cm = XXL.
- Avoid a too-tight fit; wool will conform slightly with wear but tight caps can be uncomfortable.
- Store dry and away from direct heat or prolonged sunlight to protect the fabric and color.
- Limited official issue: the cap is no longer standard issue but remains sought after by collectors.

FAQ

Q: What materials are used for the Norvegese Alpina?

A: The cap is made of wool built on khaki wool cloth, chosen for durability and thermal properties while remaining breathable.

Q: How do I measure my head for the right size?

A: Use a tailor’s tape and measure the widest part of your head just above the ears and eyebrows. Compare the measurement with the size chart (54–63 cm = S–XXL).

Q: Can I add a badge to the cap?

A: Yes. The Norvegese Alpina accepts a reduced-size fregio, offered in metal or embroidered versions to indicate rank or unit.

Q: Is this cap still in official military issue?

A: No. The Norvegese Alpina is no longer in official issue but is still valued for its historical and practical qualities.

Q: Is this cap suitable for extreme cold?

A: It is designed for cool conditions and active use; it is not intended as protection for extreme cold without additional headgear.

Q: Who typically buys this cap?

A: Collectors, reenactors, tactical and military surplus shoppers, and anyone seeking authentic duty-style wool headwear.

Tip: Choose the larger size if between measurements and check available badge options to match rank or unit; consider browsing our other military surplus and tactical duty items to complete your kit.
