How to use / When it’s useful

Quick answer: attach the badge carefully to the left side of the Cappello Alpino to show the Lieutenant rank. For best results, follow traditional placement used by officers and NCOs.

In most cases, this badge is used for uniform restoration, ceremonial dress, reenactments, or display in military surplus and tactical collections. It pairs well with the nappina and penna for a complete, period-accurate appearance.

Care and notes

Keep the badge clean and handle metal elements gently to maintain finish and shape.

- Avoid harsh chemicals or abrasive cleaning on the metal galloons.
- Attach with care to prevent fabric damage; check alignment with the left-side placement.
- Availability is limited—orders may be subject to stock constraints.
- Badge can be purchased separately, though the full ensemble (badge, nappina, penna) gives the most authentic look.
