How to use / When it’s useful

Quick answer: this badge is intended to be sewn onto caps, berets or flat headgear and used for display, restoration or ceremonial wear. It is designed as a decorative insignia rather than a certified service item.

In most cases, sew the badge securely onto the cap with small, even stitches around the edge or attach it to a backing before fitting. Ideal uses include uniform restoration, military surplus collections, reenactment uniforms, and display with tactical or police duty gear.

Care and notes

Basic care keeps the bullion thread and cloth in good condition for years.

- Avoid machine washing; spot clean gently with a soft, damp cloth.
- Store flat in a dry place away from direct sunlight to prevent fading and moisture damage.
- For stubborn stains or deep cleaning, consult a textile or uniform restoration specialist.
- Handle by the edges to avoid oil or dirt transfer from fingers.
