Product short description:

Blue long socks in wool and terry, designed for cold weather. Ideal for outdoor work, daily wear, or occasions that require extra warmth and a neat appearance.

- **Material:** Wool with terry loops for softness and moisture absorption.
- **Color:** Classic blue, versatile for casual or uniform use.
- **Use:** Keeps feet warm and helps manage dampness during extended wear.
- **Fit:** Snug, enveloping fit for lasting comfort and reduced slippage.
- **Durability:** Quality construction for reliable wear and long service life.

Product description:

Product overview

Calzettoni Blu Lana e Spugna are long thermal socks designed for professionals and outdoor enthusiasts who need reliable warmth and comfort in cold, damp conditions. A simple definition: long blue wool socks with an internal terry lining for insulation and cushioning.

These socks suit tactical and military use as well as everyday outdoor activities like hunting, fishing and airsoft. They are designed to work with boots and combat footwear and offer an elasticated fit plus a soft cuff to protect circulation.

Main features

Key features that make these socks practical for work and outdoor use:

- **High-quality blue wool:** natural warmth and breathability.
- **Internal terry lining (spugna):** added insulation and soft cushioning.
- **Thermal and insulating:** helps keep feet warm in cold, humid conditions.
- **Elasticated construction:** conforms to the foot without constricting.
- **Soft cuff:** designed to reduce marks and support healthy circulation.
- **Boot-ready:** ideal for combat boots, tactical use, military surplus kits and outdoor/duty footwear.

How to use / When it’s useful

Use these socks whenever you need extra warmth and cushioning—during outdoor work, long shifts in cold environments, or leisure activities in wet, chilly weather. They pair best with sturdy boots and layered footwear systems.

Quick answer: Yes, they are suitable for daily wear in cold, damp conditions. In most cases, choose the correct size and wear them with properly fitting boots to prevent slipping and maximize insulation.

Care and notes

Basic care keeps the socks comfortable and long-lasting—follow the garment label for exact instructions.

- Machine washable: follow the care label for temperature and cycle settings.
- Wash with similar colors to avoid discoloration.
- Avoid bleach and harsh detergents to protect wool and terry lining.
- Air dry or use low heat if tumble drying is permitted on the label.

FAQ

Q: Are these socks suitable for everyday use?

A: Yes. They are designed for daily wear in cold and damp conditions and can be used for work, outdoor activities, and casual use.

Q: Can I wash them in a washing machine?

A: Yes. They can be machine washed—always follow the washing instructions on the label to protect the wool and terry lining.

Q: Do they come in different sizes?

A: Yes. These socks are available in various sizes to ensure a proper fit. Select the correct size for your footwear to prevent slipping.

Q: Are they suitable for hunting, fishing or airsoft?

A: Absolutely. The insulation and cushioning make them suitable for hunting, fishing, airsoft and other outdoor activities where warmth and comfort matter.

Q: Can the soft cuff cause irritation?

A: No. The cuff is designed to be soft and non-restrictive to protect circulation and reduce skin marks under normal use.

Q: Will these work with military or tactical boots?

A: Yes. They are boot-ready and compatible with combat and tactical boots commonly found in military surplus and duty gear.

Tip: Choose the correct size and check the care label before washing. Browse matching tactical and outdoor items to complete your kit and ensure the best fit with your boots.
