Product short description:

The Zaino Tattico Colossus Nero 120 Litri is a 120-liter black tactical backpack for outdoor enthusiasts, military personnel and travelers who need durable, well-organized storage for extended trips.

- **Capacity:** 120 liters of storage with multiple pockets and compartments for clothing, gear and accessories.
- **Construction:** Heavy-duty build designed to withstand harsh conditions without claiming specific certifications.
- **Comfort:** Ergonomic design with adjustable straps to help maintain comfort during long carries.
- **Use:** Suited for trekking, deployments and travel where large capacity and reliable organization are required.

Product description:

Product overview

The Colossus Tactical Backpack Duffel Black 120L is a large-capacity pack built for outdoor missions, multi-day expeditions, military surplus users, and duty or police applications that require rugged storage. It suits campers, hunters, tactical teams, and travelers who need organized,

durable carrying space.

Definition: a 120-liter tactical duffel backpack made from heavy-duty materials, designed to combine a duffel’s volume with backpack comfort. It features a 1000 Denier nylon shell, a cut-resistant waterproof base, and multiple pockets for gear organization.

Main features

Key design elements that improve durability, comfort, and gear access.

- **Heavy-duty construction:** 1000 Denier nylon for abrasion and tear resistance.
- **Cut-resistant waterproof base:** protects contents from ground moisture and rough surfaces.
- **Large U-zip main compartment:** wide opening with internal mesh pockets for fast packing and organization.
- **Five external zip pockets:** easy access to small tools, accessories, and essentials.
- **Padded adjustable shoulder straps and two carry handles:** switch between backpack and duffel carry modes.
- **Integrated elastic straps:** secure bulky items such as sleeping bags, helmets, or long equipment.
- **Vinyl ID window and dimensions:** ID pocket for quick identification; full-load size 95 x 35 x 45 cm (120 L capacity).

How to use / When it’s useful

Quick answer: use this pack for long trips, multi-day patrols, travel, or any situation that needs high-capacity, organized storage with tactical durability. It works well when you must carry bulky items and still access them quickly.

In most cases, pack heavy items low and close to your back for better balance, and use the elastic straps to secure oversized gear externally. The U-zip main compartment and side pockets keep clothing, tools, and mission essentials separated and reachable during movement.

Care and notes

Basic care keeps the pack functional and extends its service life.

- Clean with a damp cloth and mild soap; avoid bleach or harsh solvents.
- Do not submerge the bag; the base is weather-resistant but not designed for prolonged underwater use.
- Inspect straps, buckles and zips regularly; repair or replace worn parts to maintain load safety.
- Be mindful of load weight—fully packed, the 120 L capacity can be very heavy and affect mobility.

FAQ

Q: What are the full-load dimensions of the Colossus 120L?

A: The loaded dimensions are 95 x 35 x 45 cm. These reflect the pack at full capacity and help when planning transport or storage.

Q: Is the backpack waterproof?

A: The base is a cut-resistant, waterproof material that protects gear from ground moisture and light rain. The pack is not rated for full submersion.

Q: How many external pockets does it have?

A: There are five external zippered pockets for quick-access items and small accessories, plus internal mesh pockets in the main compartment.

Q: Are the shoulder straps adjustable?

A: Yes. The padded shoulder straps are height-adjustable for a customized fit, and two carry handles allow duffel-style lifting.

Q: What is the storage capacity?

A: The Colossus holds 120 liters, offering space for multi-day kits, bulky equipment, or large amounts of clothing and supplies.

Q: What material is the pack made from and is it suitable for tactical or duty use?

A: The shell is 1000 Denier nylon, chosen for wear resistance and durability. The design and features make it suitable for tactical, military surplus, and duty/police use where rugged storage is needed.

Tip: Choose the carrying mode and load size that match your mission—backpack for mobility, duffel for heavy cargo. Browse related tactical backpacks and accessories to complete your kit and ensure you have the right variants and sizes for your needs.
