How to use / When it’s useful

Quick answer: Attach the cordoniera inside the robe sleeve and adjust the length so the cord sits comfortably and securely during court appearances. The cord is meant to be a discrete interior detail rather than an external accessory.

In most cases, lawyers use this cordoniera when wearing formal toga for hearings, ceremonies, or official duties where a regulation-compliant appearance is required. It helps keep the sleeve tidy while adding a traditional, professional finish to court attire.

Care and notes

Simple care will keep the cordoniera looking its best; handle gently when adjusting and store with your robe to prevent tangling.

- Spot clean only where necessary; avoid aggressive washing to protect canutiglia thread.
- Adjust length carefully to avoid strain on attachment points inside the sleeve.
- Product is made to the Ordine Forense production standards.
