How to use / When it’s useful

Quick answer: Wear the sash with the gala uniform, Grande Uniforme, or during armed parade and honor services to complete the formal dress look. Wrap the sash around the waist or over the shoulder as required by your dress regulations and run the ends through the barrel loop so the tassels hang neatly.

In most cases, the sash’s 162 cm length and 9 cm width accommodate different heights and builds. Use it whenever a refined, regulation-appropriate sash is required for ceremonial, military, police or duty appearances.

Care and notes

Basic care will help the sash keep its shape and appearance over time.

- Spot clean or use professional dry cleaning for silk elements; avoid machine washing.
- Store flat or hung to prevent creases and protect the silk-covered loop and tassels.
- Handle tassels gently to avoid fraying of the silk cord fringe.
- Limited quantities may be available; check stock before planning uniform issues.
