Product short description:

Creme Mascheramento 3 Colori Woodland con Specchio is a compact camouflage cream kit for outdoor enthusiasts. Ideal for hikers, hunters and airsoft players, it lets you blend into forested terrain and provides a quick, discreet way to retouch your face or gear while on the move.

- **Product:** Creme Mascheramento 3 Colori Woodland con Specchio — practical three-color camouflage cream with an integrated mirror.
- **Colors:** Includes three woodland shades designed to mix and match for typical forest cover.
- **Texture:** Creamy, easy-to-spread formula for smooth, even application and natural blending.
- **Durability:** Water- and sweat-resistant for lasting coverage during active use.
- **Use:** Compact pack with mirror for on-the-go touch-ups; suitable for hiking, hunting and airsoft.

Product description:

Product overview

The 3-color Woodland camouflage cream with mirror is a compact, NATO-approved face and body camouflage kit for military, tactical, police, and outdoor use. It combines green, black and brown creams in a small plastic case to hide exposed skin and blend into woodland environments.

Definition: a ready-to-use camouflage cream set designed for quick application on the face, hands, neck and exposed areas. NATO approved (NSN: 6850-99-891-6686). Plastic case size: 7.5 x 5.5 x 1.8 cm. Suitable for tactical, military surplus and duty gear users.

Main features

Compact, practical and field-ready: this kit focuses on easy application, durability and sun protection while keeping a low profile.

- **Three natural shades:** green, black and brown for woodland concealment.
- **Mirror included:** built into the compact for fast, accurate application.
- **Sweat-resistant:** stays on in demanding conditions and active use.
- **Sun protection (SPF):** provides added UV protection while camouflaging.
- **Easy apply & remove:** apply with fingers or an applicator; remove with warm water and soap or wet wipes.
- **NATO approved:** NSN 6850-99-891-6686 confirms standard compliance and quality control.

How to use / When it’s useful

Quick answer: clean, dry skin; apply creams to face, back of hands, neck and other exposed areas following natural contours for a broken, non-reflective pattern. Use the mirror in the case to check coverage.

In most cases, this kit is used for military operations, tactical training, hunting, paintball or any field activity requiring low-visibility. Apply the darker shade in shadow areas and mix tones for a natural finish; remove at day’s end with warm soapy water or cleansing wipes.

Care and notes

Simple care keeps the product ready for use and extends shelf life.

- Store in a cool, dry place away from direct sunlight.
- Remove with warm water and soap or alcohol-free wet wipes.
- Formulated for general skin compatibility; if irritation occurs, stop use and consult a physician.

FAQ

Q: How long does the camouflage effect last?

A: The creams are designed to last through a full day of activity and to resist sweat and normal environmental exposure. Reapply if heavily rubbed off.

Q: Are these creams safe for sensitive skin?

A: The formula is made for general skin use, including sensitive skin. If you have known allergies, test a small area first and stop use if irritation appears.

Q: Can I use this kit for non-military activities?

A: Yes. The set is suitable for hunting, paintball, airsoft and other outdoor or tactical training where camouflage is needed.

Q: How do I remove the camouflage cream?

A: Remove easily with warm water and soap or with moist cleansing wipes. For stubborn areas, repeat washing or use a gentle facial cleanser.

Q: Is this product an official military item?

A: The product is NATO approved and listed under NSN 6850-99-891-6686, indicating it meets specified quality and logistics standards.

Q: What are the kit dimensions and what does the case include?

A: The plastic case measures 7.5 x 5.5 x 1.8 cm and includes three camouflage cream colors (green, black, brown) plus a small mirror for application.

Tip: Choose the 3-color Woodland variant for standard woodland concealment and check related tactical face paints and applicators to complete your kit—compare sizes and formulations to pick the best option for your mission or outdoor activity.
