How to use / When it’s useful

Quick answer: worn on the left side for formal parades, duty ceremonies, and official representation. In most cases, it is part of an officer's dress kit rather than everyday wear.

Use this saber for ceremonial duty, official displays, or as a documented collector's item in a military surplus or tactical collection. It presents well when carried with the correct dragona and belt fitting.

Keep the saber dry and handle it with care to preserve the gold-relief finish; normal conservation for display or ceremonial use applies.

- Store in the scabbard to protect the finish and fittings.
