Product short description:

Porta Nastrini a 3 Posti is a compact 3-slot ribbon organizer that keeps your ribbons neat and within easy reach. Ideal for crafters, hobbyists, collectors and home workshops, it makes selecting the right ribbon quick and simple for any project or occasion.

- **Material:** Made from quality materials for reliable everyday use.
- **Use:** Organize ribbons for crafting, sewing, gift wrapping and display.
- **Capacity:** Three separate compartments accommodate different widths and colors.
- **Design:** Compact footprint fits on a workbench, craft table or home desk.

Product description:

Product overview

The Porta Nastrini a 3 Posti is a metal ribbon holder designed for military and uniformed personnel who need a neat, secure mount for three service ribbons. It is suitable for soldiers, police, and duty staff who use standard Italian Army ribbon sizes.

Definition: a compact metal mount that holds three standard military ribbons in a straight, aligned row. Available in two sizes (37 mm and 20 mm) and with either clip or screw rear attachments for flexible mounting options.

Main features

Built for durability and a professional appearance, this ribbon holder keeps ribbons aligned and protected on service uniforms.

- **Holds three ribbons**—designed specifically for three-place ribbon display.
- **Two size options**: 37 mm and 20 mm to match common Italian Army ribbon formats.
- **Metal construction** for long-lasting use and consistent alignment.
- **Two attachment types**: clip (quick removable) or screw (permanent, stable).
- **Corrosion-resistant finish** to withstand regular use and wear.
- Compatible with most standard ribbons used by Italian military and similar duty/police uniforms.

How to use / When it’s useful

Attach the ribbon holder to your uniform using the chosen rear fitting. Use clips for quick removal and screws where a fixed, secure mount is needed during operations or parades.

Quick answer: choose 37 mm or 20 mm to match the width of your existing ribbons, and pick clip or screw based on how permanent you want the mount. In most cases, the clip option is ideal for routine wear and the screw option is preferred for long-term or operational use.

Care and notes

Keep the holder and ribbons clean and check fittings regularly to ensure secure attachment during duty or ceremonies.

- Wipe metal parts with a soft cloth; avoid abrasive cleaners.
- Periodically check clips or screws for tightness to prevent loss during activity.
- Select the correct size (37 mm or 20 mm) before purchase to ensure compatibility.
- Store ribbons flat when not in use to avoid deformation.

FAQ

Q: What sizes are available for the Porta Nastrini a 3 Posti?

A: The ribbon holder is available in two standard sizes: 37 mm and 20 mm. Choose the size that matches your existing ribbons.

Q: Which attachment types can I choose?

A: There are two rear attachment options: clips (morsetti) for quick, removable mounting, and screws for a more permanent, secure fit.

Q: Is this ribbon holder compatible with all military ribbons?

A: It is compatible with the common ribbon formats used by the Italian Army. Verify your ribbon width (37 mm or 20 mm) before ordering to ensure fit.

Q: How easy is installation?

A: Installation is straightforward. Clip models attach quickly to uniform fabric, while screw models require basic tools for a fixed installation.

Q: Can I change the attachment type later?

A: In some cases you can swap attachments if the product design allows it, but it is best to select the preferred attachment at purchase for proper fit and durability.

Q: Are these items kept in stock?

A: Availability can vary; some models may be in limited supply. If you need help selecting the correct size or attachment, contact the seller for confirmation before purchase.

Tip: When ordering, confirm ribbon width (37 mm or 20 mm) and choose clip or screw attachment based on how often you will remove the holder. Browse related tactical and military surplus accessories to complete your uniform set.
