Product short description:

The collapsible Field Cutlery Set is a compact fork, knife and spoon designed for campers, hikers and outdoor enthusiasts. Each piece assembles and disassembles quickly for easy packing, and the set fits neatly in its included case.

- **Material:** High-quality stainless steel for durability and rust resistance.
- **Design:** Ergonomic handles for a comfortable grip and practical use.
- **Packability:** Break-apart construction for compact transport and storage.
- **Included:** Carry case to keep utensils clean and ready to use.
- **Use:** Suitable for camping, trekking, picnics and outdoor meals.

Product description:

Product overview

The Set Posate Campo Scomponibili is a compact, disassemblable field cutlery set designed for campers, hikers, and anyone needing portable eating utensils for outdoor or travel use. Definition: a lightweight, take-apart fork, spoon and knife set stored in an olive nylon case for easy transport.

Stored in a green nylon pouch with a rear belt loop, this set is suitable for camping, outdoor trips, tactical or military surplus kits, and duty or police field packs. It balances portability and basic functionality for everyday outdoor meals.

Main features

Practical features focused on compact storage, versatility and ease of use.

- **Compact size:** 14 x 4.4 x 2 cm — fits easily in a backpack, bag or pocket.
- **Disassemblable utensils:** Fork, spoon and knife that separate for storage or individual use.
- **Extra tools included:** Built-in can opener and corkscrew for additional meal options.
- **Olive nylon case:** Protective pouch with rear belt loop for secure carrying.
- **Durable materials:** Made from hard-wearing materials designed to resist everyday outdoor use.
- **Lightweight:** Easy to carry for long trips and multi-day use.

How to use / When it’s useful

The set is ready to use straight from the pouch: assemble the desired utensil, use it for meals, then disassemble and store to save space. It works well for cooked meals, canned food, and drinks while camping, hiking, or on duty.

Quick answer: use the disassemblable fork, spoon or knife separately as needed and close the nylon pouch after cleaning. In most cases, the included can opener and corkscrew cover common outdoor needs without extra tools.

Care and notes

Designed for easy cleaning and low maintenance so it stays ready for the next outing.

- Dishwasher safe: the utensils can be cleaned in a dishwasher.
- Wipe and dry the nylon case to remove dirt and moisture after use.
- The nylon pouch is water-resistant and protects tools from light rain and humidity.
- Store dry to maintain condition and prolong service life.

FAQ

Q: Is the set dishwasher safe?

A: Yes. All utensils in the set are listed as dishwasher safe for easy cleaning.

Q: How much does the complete set weigh?

A: The full set weighs approximately 200 g, making it lightweight and easy to carry for travel and outdoor use.

Q: Are the utensils rust-resistant?

A: The utensils are made from materials described as resistant to rust, intended to provide durability during regular outdoor use.

Q: Is the nylon case waterproof?

A: The olive nylon case is water-resistant and protects the utensils from moisture and light rain, but it is not specified as fully waterproof for prolonged submersion.

Q: Does the set include a teaspoon?

A: No. The set includes a fork, spoon, knife, can opener and corkscrew, but it does not include a small teaspoon.

Q: Can I attach the pouch to my belt?

A: Yes. The nylon case has a rear loop so it can be secured to a belt or pack strap for convenient access.

Tip: Choose the right set for your needs—check size and included tools before purchase—and consider browsing related camping, tactical and military surplus cutlery or duty gear to complete your outdoor kit.
