How to use / When it’s useful

Quick answer: Trim the 13 cm x 4 cm cloth to the required size and place it into your ribbon mounting or new ribbon housing. It is the base layer for composing ribbon bars up to 5 places per piece.

In most cases, use one piece per 5-place ribbon; select multiple pieces from the dropdown for longer ribbon sets or multiple uniforms. This is useful for police dress, duty displays, repairs, and hobbyist ribbon composition.

Care and notes

Keep the fabric clean and store flat to avoid creases; the piece must be cut and fitted by the customer to match the ribbon mounting chosen.

- Customer responsibility: the cloth is supplied as a rectangle and must be trimmed and fitted by the purchaser.
- Store flat and dry to preserve appearance; avoid strong abrasion when handling cut edges.
- Select the correct quantity from the dropdown to cover your ribbon set needs before checkout.
- Availability may be limited; consider ordering extra pieces if you expect future use.
