Product overview

The Panno Arancione Cavalleria Fuori Corpo is a 13 cm x 4 cm rectangular orange fabric piece designed for people who assemble their own ribbon bars (nastrini). It is aimed at collectors, uniform maintainers, small military surplus or police gear sellers, and anyone who needs base material to compose ribbon rows.

Definition: a small orange cloth section intended to be cut and placed as the backing for ribbon bars. This item is sold in single pieces with options to order multiples to build ribbon sets up to 5, 10, 15, 20 places and more. Availability can be limited due to demand.

Main features

Compact, easy-to-use fabric for custom ribbon assembly suitable for tactical, military surplus, and police duty applications.

- **Self-composition:** Use the cloth to create and customize ribbon bars by cutting to the needed size.
- **Optimal size:** Measures 13 cm x 4 cm, sufficient to make ribbon assemblies up to 5 places per piece.
- **Beginner-friendly:** Simple to handle and trim, suitable for first-time users.
- **Durable construction:** Made from quality materials to keep ribbon bars in good condition over time.
- **Scalable quantities:** Order multiples from the dropdown to assemble longer bars (5, 10, 15, 20 places and beyond).

How to use / When it’s useful

Quick answer: cut the rectangle to the required size and place it inside the ribbon mounting or new packaging for the ribbons you already own. The cloth is a backing element, not a finished ribbon strip.

In most cases, select the number of pieces from the dropdown to match the number of ribbon places you need; one 13 cm x 4 cm piece covers up to five places, so order multiples for larger assemblies. This is useful when repairing, re-mounting, or customizing ribbon bars for display or uniform use.

Care and notes

Basic notes to get the best result when composing your ribbon bars.

- Measure carefully before cutting; the cloth must be trimmed by the customer to fit the chosen mounting.
- This product is a raw fabric piece for assembly—no sewing or mounting is included.
- Select quantity from the dropdown to ensure you have enough material for multi-place ribbon bars.
- Store flat and keep away from prolonged moisture or direct sunlight to preserve color and condition.
