Product description:

Product overview

The Coltello a Scatto Manico Corno Stiletto Italiano 23 cm is an Italian-made stiletto switchblade designed for collectors, enthusiasts and anyone seeking a classic, functional folding knife with refined materials. It combines a tempered AISI 420 stainless steel blade with a natural horn

handle and automatic opening for fast, reliable access.

Definition: a 23 cm Italian stiletto-style switchblade with a 10.5 cm single-edged blade and a natural horn grip. Suitable for display, light cutting tasks and tactical or military surplus collections when handled and stored responsibly.

Main features

Built with traditional Italian craftsmanship and durable components, this knife suits collectors and users looking for a polished, functional piece for a tactical or military surplus collection.

- **Blade material:** tempered AISI 420 W.1.4034 stainless steel, HRC 56–58.
- **Blade length:** 10.50 cm, single-sided sharpened; bayonet-style profile for precise cuts.
- **Total length:** 23 cm; **Handle length:** 12.50 cm.
- **Handle:** natural horn with brass rivets for an authentic, unique appearance.
- **Mechanism:** automatic opening via button on the bolster with an integrated safety lock.
- **Finishes & fittings:** polished stainless steel finishing with nickel bolts; weight 220 g.

How to use / When it’s useful

Quick answer: this stiletto is best used as a collectible, for presentation, or for light cutting tasks where a precise blade is required. It is not designed for prying, heavy-duty work, or improper uses that can damage the blade or handle.

In most cases, owners keep it in a collection, use it for controlled cutting tasks, or display it as part of a tactical or military surplus assortment. Always operate the automatic opening and safety lock with care and store the knife safely when not in use.

Care and notes

Proper care preserves appearance and performance. Follow these basic maintenance steps and observe local laws on carrying and possession.

- Wipe the blade dry after use and apply a light film of oil to prevent corrosion.
- Avoid exposing the natural horn handle to excessive moisture or heat to prevent warping or discoloration.
- Do not use the knife as a lever, screwdriver, or for heavy prying; this can damage the blade and mechanism.
- Be aware that automatic knives and switchblades are subject to legal restrictions in many areas; carrying without a valid reason may be prohibited.

FAQ

Q: Can I carry this knife with me?

A: Laws vary by country and region. In many places automatic knives are restricted; carrying without a justified reason may be illegal. Check local regulations before transporting the knife.

Q: How does the opening mechanism work?

A: Press the button located on the bolster to release the blade; it opens automatically. A built-in safety lock prevents accidental openings when engaged.

Q: What is the handle made from?

A: The handle is made from natural horn, reinforced with brass rivets. Each handle has unique grain and coloration due to the natural material.

Q: How should I maintain the blade?

A: Clean and dry the blade after use and apply a light oil to protect against rust. Avoid harsh chemicals and store in a dry place.

Q: Is this knife suitable for collection or display?

A: Yes. Its classic stiletto design, polished finishes and horn handle make it well suited to collectors and display within tactical or military surplus themes.

Q: Is this a good gift?

A: Yes. The elegant design and craftsmanship make it an appropriate gift for collectors and knife enthusiasts, provided the recipient can legally own and store it.

Tip: Choose the variant or size that matches your collection or intended use and browse related tactical and military surplus items to find complementary pieces. Keep legal restrictions and safe storage in mind when buying.
