Product overview

The Scudetto Corpo Militare Croce Rossa on a vegetated background is a low-visibility embroidered patch with rear Velcro, designed for military personnel, collectors, and tactical or military surplus enthusiasts who want an authentic-looking insignia for camouflage gear. It reproduces the emblem of the Italian Red Cross Military Corps in a fuori ordinanza (out-of-regulation) variant intended for application on camouflage.

Definition: a 7 x 6 cm low-visibility embroidered military patch with Velcro backing for quick attachment to compatible uniforms and tactical garments.

Main features

Clear, durable design and practical attachment make this patch suitable for everyday use on camouflage, tactical vests, or display collections.

- **Official emblem design:** five-point star topped by a turreted crown with a central round disk bearing the red cross; star rests on laurel branches and two Asclepius rods with entwined snakes.
- **Low-visibility embroidery:** muted colors for subdued tactical appearance on vegetated camo.
- **Rear Velcro backing:** quick, secure attachment to compatible uniforms, jackets, and tactical gear.
- **Durable materials:** made to resist wear in typical field and training conditions.
- **Optimal size:** 7 x 6 cm — visible without being bulky on duty uniforms or display items.

How to use / When it’s useful

Quick answer: attach the patch by pressing the Velcro backing onto a matching loop surface on your camouflage, tactical vest, or jacket for immediate wear. In most cases, it is used on field clothing, training gear, or by collectors displaying military insignia.

Use this fuori ordinanza variant when you want a respectful representation of the Corpo Militare Croce Rossa on non-standard or personal gear. It is suitable for tactical, military surplus, and duty-style applications where a subdued emblem is preferred.
