How to use / When it’s useful

Quick answer: attach it to your alpino hat to restore or personalize a military hat for display, duty-style wear, or collection. In most cases, it is used on felt or wool alpino hats used by collectors, reenactors, and personnel maintaining traditional uniforms.

Apply by aligning the badge on the hat and sewing or securing it according to your hat’s construction. The patch is intended as a visual insignia and not as a certification or technical device.

Care and notes

Simple care helps preserve the embroidery and colors; handle gently and store in a dry place.

- Avoid machine washing the badge while attached to delicate hats; hand-clean the hat if needed.
- Store flat to prevent deformation of the embroidery.
- Check attachment periodically to ensure a secure fit.
- Available in limited quantities; order soon if you need a specific piece.
