Product overview

The Scudetto Ricamato Alta Visibilità is an embroidered high-visibility patch designed for officers of the Corpo Militare della Croce Rossa. It provides clear identification and improved visibility

during rescue, emergency response, and field operations.

Definition: this is a durable, reflective embroidered patch with a Velcro backing for secure attachment to uniforms and compatible tactical or duty garments. It combines a professional look with practical visibility for military, tactical, and duty use.

Main features

Key features that make this patch suitable for uniformed officers and tactical use:

- Size: 7.5 cm x 5.5 cm — sized to fit standard uniform sleeves.
- Reflective material for improved visibility in low-light or emergency conditions.
- High-quality embroidered design for a professional, long-lasting appearance.
- Rear Velcro backing for secure attachment and quick removal.
- Designed specifically for Corpo Militare della Croce Rossa officers and compatible with garments that have loop Velcro panels.
- Durable construction to resist everyday wear in field operations and tactical environments.

How to use / When it’s useful

Quick answer: attach the patch to the uniform sleeve or any garment with a matching loop Velcro panel so it sits flat and visible. In most cases, place it on the designated sleeve area or an approved outer garment for clear identification.

This patch is useful during rescue missions, training, public events, and any situation where quick visual identification improves coordination and safety. It also works well on tactical vests, duty jackets, or military surplus outerwear that accept Velcro patches.

Care and notes

Simple care keeps the patch clear and functional over time.

- Clean with a damp cloth; avoid strong solvents or abrasive cleaners that can dull reflective surfaces.
- Close the Velcro backing when storing to prevent snagging other fabrics.
- Inspect the Velcro periodically and reattach only to loop panels or approved uniform locations to avoid damage.

FAQ

Q: What are the exact dimensions of the patch?

A: The patch measures 7.5 cm x 5.5 cm, sized to fit a standard uniform sleeve or a Velcro panel on outer garments.

Q: Is the material durable and wear-resistant?

A: Yes. The Scudetto Ricamato Alta Visibilità is made with quality materials intended to resist everyday wear while keeping its color and reflectivity.

Q: How is the patch attached to the uniform?

A: It uses a rear Velcro backing for a secure, quick attachment and removal. Attach only to a matching loop Velcro panel or an approved placement on the uniform.

Q: Will it be visible in low-light or nighttime conditions?

A: Yes. The reflective material improves visibility in reduced light, helping identification during emergency responses and night operations.

Q: Can I use this patch on tactical gear or police/duty uniforms?

A: In most cases, the patch fits tactical vests, duty jackets, and other gear with loop Velcro panels. Always follow your organization’s uniform rules before applying insignia.

Q: Is the patch widely available?

A: Availability can be limited due to demand. If you need this specific Scudetto Ricamato Alta Visibilità, consider ordering sooner to ensure you secure the item.

Tip: Choose the correct placement and check your uniform regulations before fitting the patch; consider browsing related patches and Velcro-compatible accessories to complete your duty or tactical setup.
