How to use / When it’s useful

Quick answer: wear the shoulder board on the shoulder to show the Primo Capitano rank—khaki backing for shirts or sweaters, black backing for the service jacket. They are intended for everyday duty, ceremonial use and field uniforms.

In most cases, the shoulder boards attach using the Army’s standard mounting system and remain in place during normal activity. Note that purchases are restricted to Italian Army or Corpo Militare Croce Rossa personnel and to collectors with a valid prefectoral license; account verification is required before ordering.

Care and notes

Simple care keeps the shoulder boards presentable and durable without special maintenance.

- Clean with a damp cloth and mild soap; avoid strong solvents or abrasive cleaners.
- Store dry and out of prolonged direct sunlight to preserve finish over time.
- Do not attempt to remove or alter the heat-sealed stars or metal bar; they are fixed for durability.
- Purchase restriction: only verified military personnel or licensed collectors may order these insignia.
