- **Design:** Detailed eagle emblem representing strength and aviation heritage.
- **Use:** Suitable for civilian pilots, collectors and aviation fans; wear on jackets, hats or uniforms.
- **Gift:** A thoughtful present for anyone passionate about flying or aviation memorabilia.

Product description:

Product overview

The **Distintivo Metallo Brevetto Aquila Pilota Civile** is a gold-finish metal badge for civil pilots of the **Aeronautica**, designed to be worn on the pilot uniform as an official insignia. It is intended for certified civil pilots whose membership in the corps can be verified.

Definition: this is a metal pilot insignia (7.2 x 2.2 cm) that signifies rank and professional skill for civil aviation personnel. Ideal for pilots seeking a formal aviation badge or pilot insignia for

uniform use.

Main features

Clean, formal design and a quality metal finish make this badge suitable for official uniforms and display. It works as a civil pilot badge, pilot insignia, and aviation badge.

- Material: high-quality metal with gold-coloured finish
- Design: open-wing eagle facing left (as seen by the viewer)
- Size: 7.2 x 2.2 cm (approx. 2.8 x 0.9 in)
- Finish: detailed relief work highlighting the eagle in flight
- Usage: made for wear on pilot uniforms and formal garments

How to use / When it’s useful

Quick answer: wear this badge on the designated uniform placement to display qualification and membership with the **Aeronautica**. It is useful for official ceremonies, duty uniforms, and formal events.

In most cases, the badge is kept with standard uniform insignia and is shown during inspections or official occasions; sale and delivery require verification of corps membership to ensure authenticity and proper use.

Care and notes

Keep the badge in good condition by avoiding harsh cleaning methods and storing it properly between uses.

- Clean with a soft, dry cloth; avoid abrasive cleaners that may damage the finish.
- Store in a dry place to prevent tarnishing or surface wear.
- Sale is restricted: purchase requires verification of belonging to the **Aeronautica**.
- Availability is limited; orders may be subject to validation and processing time.

FAQ

Q: Who can buy the Distintivo Metallo Brevetto Aquila Pilota Civile?

A: Only civil pilots belonging to the **Aeronautica** may purchase this badge. Orders are processed after verification of membership to ensure authenticity.

Q: What are the badge dimensions?

A: The badge measures 7.2 x 2.2 cm (approximately 2.8 x 0.9 inches), designed to fit standard uniform placements for pilot insignia.

Q: What material is the badge made from?

A: It is made of high-quality metal with a gold-coloured finish and detailed relief depicting the eagle in flight.

Q: What does the eagle symbol mean?

A: The open-wing eagle facing left symbolizes freedom and strength, reflecting the skill and dedication of civil pilots.

Q: How is authenticity verified?

A: The seller requires documentation or confirmation of membership in the **Aeronautica** before completing the sale. This step ensures only eligible personnel receive the insignia.

Q: How should the badge be worn or attached?

A: Follow your unit’s uniform regulations for placement and attachment. If unsure, consult your corps’ dress code to ensure correct positioning on the uniform.

Tip: Choose the correct placement and check any required documentation before ordering; also consider browsing related pilot insignia and uniform accessories to complete your kit.
