Product short description:

The BlackFox BF 203 multi-tool pliers is a compact, durable tool for campers, DIYers and outdoor users.

- **Material:** High-quality construction with a durable protective finish for reliable performance.
- **Tools:** Pliers with integrated knife, screwdriver and bottle opener to handle common tasks.
- **Handle:** Ergonomic, textured grip provides a secure, comfortable hold and reduces hand fatigue.
- **Safety:** Locking mechanism secures tools during use and transport for safer handling.
- **Use:** Ideal for camping, home repairs and everyday carry.

Product description:

Product overview

The BlackFox BF 203 is a compact multi-tool pliers designed for outdoor enthusiasts, craftsmen, tactical users and anyone needing a reliable, all-in-one tool for repairs and daily tasks. It combines pliers, a knife and multiple fold-out tools in a single portable unit.

Definition: The BlackFox BF 203 is a stainless-steel multi-tool pliers that delivers pliers, cutting tools and essential hand tools in a pocket-sized design. Suitable for tactical, military surplus, duty and police use where a durable multi-tool is required.

Main features

Durable construction and a full set of practical tools make the BF 203 a versatile choice for work, outdoor and everyday carry.

- **Construction:** AISI 420 steel with stainless-steel handle; clip in stainless steel 420J2B.
- **Hardness:** HRC 55–57 for blades and cutting edges.
- **Blade:** 8 cm (3.15") length, 1.5 mm (0.06") thickness.
- **Weight & size:** 265 g (9.35 oz); 15.6 cm open / 10 cm closed.
- **Integrated tools:** knife, flat screwdrivers (small & large), Phillips screwdriver, saw, double-grit file, can opener, bottle opener, scissors, wire stripper and pliers.
- **Accessories:** supplied with a nylon® sheath for carry and protection.

How to use / When it’s useful

The BF 203 is useful for quick repairs, campsite tasks, hobby projects and routine maintenance. Use the pliers and wire stripper for light electrical tasks, the knife and saw for cutting and shaping, and the screwdrivers for small assembly and fixes.

Quick answer: It is a general-purpose multi-tool for outdoor, shop and duty use.
In most cases: carry it for camping, DIY, field repairs or as a compact tool for tactical and police tasks where a range of basic tools may be needed.

Care and notes

Basic maintenance keeps the BF 203 reliable and extends its service life.

- Keep blades and tools clean and dry after use; wipe any moisture away.
- Apply light oil to pivot points to maintain smooth operation.
- Store in the included nylon® sheath when not in use to protect edges and prevent accidental contact.
- Handle with care: blades and cutting edges are sharp—keep out of reach of children.
- Check local regulations if you plan to carry the tool in restricted areas.

FAQ

Q: What are the dimensions when open and closed?

A: The tool measures 15.6 cm when open and 10 cm when closed.

Q: What materials are used in the BF 203?

A: The multi-tool is built from AISI 420 steel with a stainless-steel handle and a clip in stainless steel 420J2B.

Q: Which tools are included?

A: Integrated tools include a knife, small and large flat screwdrivers, Phillips screwdriver, saw, double-grit file, can opener, bottle opener, scissors, wire stripper and pliers.

Q: How much does the multi-tool weigh?

A: The BF 203 weighs 265 grams (9.35 oz).

Q: Is a sheath included?

A: Yes, the BF 203 is supplied with a nylon® sheath for safe carry and storage.

Q: Is this tool suitable for outdoor and duty use?

A: Yes. Its range of tools and durable construction make it suitable for camping, field repairs, workshop tasks and general duty use where a compact multi-tool is needed.

Tip: Choose the variant or size that best fits your carry preference and tasks; check related tactical and military surplus tools for complementary items to build a practical kit without overloading your pockets.
