Product overview

The **Berretto Schirmmützen Allgemeine in Lana** is a handcrafted, historical-style peaked cap made for collectors, reenactors, and anyone interested in military surplus and historical uniform

pieces. It reproduces the classic Schirmmützen used by various German military units in the 1930s–40s and appeals to militaria enthusiasts and duty/tactical collectors.

Definition: a heavy-wool, historically accurate reproduction peaked cap with traditional front insignia and metal trim. The cap combines period styling with durable materials for display or costume use.

Main features

Carefully made to reflect the original design, this cap balances historical detail with wearable construction.

- **Heavy wool construction** for durability and an authentic look.
- **White wool trim and leather edging** for a structured, finished appearance.
- **Hard half-Bulgarian style visor** that holds shape and provides sun shade.
- **Silver-toned metal chinstrap** (soggolo) for period-correct detail.
- **Front insignia:** silver metal German eagle and **Totenkopf**, reproduced for historical accuracy.
- **Handcrafted finish** with attention to fit and longevity, suitable for display or wear.

How to use / When it’s useful

Quick answer: Use the cap mainly for collecting, display, historical reenactment, or as a period costume piece; it is not certified protective headgear. In most cases, buyers choose it for its historical appearance and craftsmanship rather than practical duty or tactical use.

Wear it for museum-style displays, stage or film costume, living history events, and collector showcases. The cap fits like a traditional peaked cap and is intended to complement other military surplus or historical uniform items.

Care and notes

Simple care keeps the cap looking its best; treat it as a delicate, handcrafted garment rather than everyday head protection.

- Hand-clean or spot-clean wool and leather areas; avoid machine washing.
- Allow up to 30 working days for production due to artisanal manufacturing.
- Not a certified safety or ballistic helmet—do not use for protection in tactical or duty scenarios.
- Store in a dry place away from prolonged moisture or direct sunlight to preserve materials.

FAQ

Q: What material is the cap made of?

A: The cap is made from heavy wool with a white wool trim and leather finish on the edge. Metal parts are finished in a silver tone.

Q: What is a "visiera mezza bulgara" (half-Bulgarian visor)?

A: It is a rigid, half-style visor that keeps the cap's front shape, provides sun shading, and gives the cap a formal, authoritative silhouette.

Q: Who can buy the Berretto Schirmmützen?

A: Collectors of militaria, historical reenactors, costume designers, and anyone interested in military surplus-style headwear can purchase this cap.

Q: Can I request custom sizing or options?

A: Some sizing and personalization options may be available; check product choices at purchase and confirm lead time for custom work.

Q: How long will it take to receive the cap?

A: Production typically takes up to 30 working days due to handcrafted processes; shipping time depends on your location.

Q: Why do collectors value this cap?

A: Collectors value the cap for its faithful historical reproduction, handcrafted construction, and detailed metal insignia that reflect period styling.

Tip: Choose the correct size and variant for display or wear and consider browsing other military surplus and historical uniform pieces to complete your collection or outfit.
