- **Capacity:** Holds one ribbon spool securely and keeps it within easy reach.
- **Design:** Compact, modern profile fits any workspace or shelf.
- **Use:** Simple to load and change ribbons, streamlines packaging and decoration tasks.

Product description:

Product overview

The Porta Nastrino ad 1 Posto is a one-place metal ribbon holder designed for veterans, collectors, police and duty personnel who want a neat, professional display for a single service or award ribbon. Definition: a one-place metal ribbon holder is a compact mount that securely presents one ribbon for display or worn use.

Made from durable metal with side holes for 37 mm or 20 mm ribbons, it includes rear attachment options (clip or screws) selectable via the product dropdown. Stock is limited, so choose the right

attachment and size when ordering.

Main features

Simple, robust construction that highlights a single ribbon while offering practical attachment choices for display or uniform use.

- **High-quality metal:** durable construction for frequent use.
- **Elegant, low-profile design:** focuses attention on the ribbon.
- **Side holes for ribbons:** fits ribbons 37 mm or 20 mm wide.
- **Rear attachment options:** choose clips (morsetti) or screws via the dropdown.
- **Suitable for display or duty:** good for cabinets, shadowboxes, or uniform mounting.
- **Limited availability:** order promptly to secure your piece.

How to use / When it’s useful

Quick answer: use the side holes to fit a single 37 mm or 20 mm ribbon and select clip or screw attachment depending on whether you want removable or fixed mounting. The clip works well for temporary display; screws are better for a permanent mount or display cases.

In most cases, the holder is used to feature one important ribbon on a ribbon rack, inside a shadowbox, or worn on a uniform for ceremonies. It’s also useful for tactical, military surplus, and police memorabilia displays where a clean, professional presentation matters.

Care and notes

Simple care keeps the metal finish clean and the attachment secure.

- Wipe with a soft, dry or slightly damp cloth; avoid abrasive cleaners.
- Check clips or screws periodically and tighten if needed.
- Choose clips for removable use and screws for fixed display to avoid damaging fabric or mounts.

FAQ

Q: What ribbon widths does this holder accept?

A: It accepts standard ribbons of 37 mm or 20 mm width through the side holes. Ensure your ribbon matches one of these sizes before ordering.

Q: What rear attachment options are available?

A: You can choose either clip (morsetti) for removable mounting or screws for a fixed mount. Select your preference from the product dropdown before adding to cart.

Q: Is this suitable for everyday wear on a uniform?

A: Yes. The metal construction is designed for regular use, but choose clips for temporary attachments and screws for more permanent displays to protect fabric.

Q: How do I personalize the holder?

A: Personalization is done on the product page: pick the one-place version and select the rear attachment type from the dropdown. No engraving or other custom work is implied.

Q: How long does shipping take after I order?

A: Delivery times vary by location; typically items are shipped within a few business days. Exact lead times are shown at checkout or in your order confirmation.

Q: Can I use this holder for display cases or shadowboxes?

A: Yes. The low-profile metal design is well suited for shadowboxes, display cases, and ribbon racks where a neat presentation is required.

Tip: When ordering, pick the correct ribbon width (37 mm or 20 mm) and the rear attachment (clip or screws) that matches your planned use. Browse related ribbon holders and display accessories to create a coordinated presentation without rushing your selection.
