How to use / When it’s useful

Quick answer: wear this cap with the official service uniform for daily duty, public posts or formal events where rank identification and a neat appearance are required. The cap signals authority and adherence to institutional dress standards.

In most cases, remove the internal ferretto for longer wear or to adjust fit. For size selection, measure head circumference 1 cm above the eyebrows and order the matching size (example: 58 cm = Size 58). The cap is also relevant for tactical and security roles where a formal duty appearance is needed.

Care and notes

Store the cap in a cool, dry place and handle badges and galloncini with care to maintain appearance; follow these practical points.

- Keep the metal badge and buttons dry and clean to avoid tarnishing.
- Remove the internal ferretto if you need a softer fit or prolonged comfort.
- Measure head circumference before ordering to reduce returns (sizes 55–60 cm commonly used).
- Sale restrictions apply: purchase is reserved for serving Polizia di Stato personnel; private collectors must provide a valid prefectural license (art. 28 T.U.L.P.S.).

- Account activation and purchase require document verification by staff; make sure to provide the requested service ID or attestation.
