Product short description:

The Porta Nastrini 10 Posti is a compact, elegant ribbon organizer designed to store up to ten ribbons. Ideal for crafters, hobbyists and professionals who need a tidy, accessible solution for ribbon storage in workshops, studios or children's rooms.

- **Material:** Made from high-quality materials for an attractive, reliable finish.
- **Capacity:** Ten positions keep ribbons visible and easy to select.
- **Design:** Compact, space-saving form that fits shelves or worktables.
- **Durability:** Robust construction ensures long-lasting everyday use.

Product description:

Product overview

The Porta Nastrini a 10 Posti is a 10-slot ribbon rack for military, tactical, police, and duty uniforms, designed for anyone who needs an orderly, professional display of service ribbons. It is suitable for uniformed personnel, collectors, and military surplus enthusiasts.

Definition: a ribbon rack that holds exactly ten ribbons in a single, durable metal holder for neat mounting on uniforms. Available from Tutto Militare in two sizes (37 mm and 20 mm) and with two mounting options.

Main features

Solid, practical construction with options to match different ribbon widths and mounting preferences.

- **Capacity:** holds 10 ribbons in a single row.
- **Material:** enameled metal for added surface protection.
- **Sizes:** compatible with standard 37 mm or compact 20 mm ribbons.
- **Mounting options:** rear clip (morsetti) or screw attachment.
- **Pre-drilled holes:** designed for fast, even ribbon installation without bending.
- **Durability:** finish helps reduce scratches and resists oxidation under normal use.

How to use / When it’s useful

Use the Porta Nastrini a 10 Posti to arrange and display up to ten ribbons on service uniforms for daily wear, parades, inspections, or storage. Choose the 37 mm option for standard ribbons or the 20 mm option for compact ribbon sets.

Quick answer: pick the size that matches your ribbon widths and the mounting type you prefer—clip for removable use, screws for a more permanent fit.
In most cases, the pre-drilled holes make ribbon installation quick and keep the appearance uniform and professional, suitable for tactical, duty, and police uniforms.

Care and notes

Maintain the ribbon rack with simple care to preserve its finish and fit. Follow these practical notes when selecting and using the holder.

- Measure ribbon widths before ordering (37 mm or 20 mm) to ensure fit.
- Choose clips for removable display or screws for a fixed, stable mount.
- Wipe with a soft, dry or slightly damp cloth; avoid harsh chemicals that could damage the enamel.
- Do not attempt to fit more than ten ribbons on this model; select a larger rack if needed.

FAQ

Q: Is this ribbon rack compatible with all uniform types?

A: The rack fits most uniforms thanks to two mounting options (clip or screws). Check your uniform's attachment points before ordering for the best fit.

Q: How do I know if my ribbons are 37 mm or 20 mm?

A: Measure the ribbon width with a ruler. Standard ribbons are typically 37 mm wide; compact ribbons are 20 mm. Choose the matching size when you order.

Q: Can I mount more than ten ribbons on this rack?

A: No. This model is designed for exactly ten ribbons. If you need to display more, consider a different model with greater capacity.

Q: Is the metal prone to rust?

A: The enameled finish provides protection against oxidation and reduces the risk of rust under normal conditions. Avoid prolonged exposure to moisture to maintain the finish.

Q: Which mounting option should I choose: clip or screws?

A: Choose clip (morsetti) for removable, quick changes and easy cleaning. Choose screws for a permanent, stable installation on uniforms or display boards.

Q: Is it difficult to mount the ribbons on the rack?

A: No. The pre-drilled holes simplify installation and help keep ribbons aligned without bending or deformation.

Tip: Before buying, measure your ribbons and decide if you prefer a removable clip or fixed screw mounting. Browse related ribbon racks and uniform accessories to complete your setup and ensure a professional display.
