How to use / When it’s useful

Quick answer: use it daily for organized carry of cash, cards and ID, or on duty when you must display a badge. The removable plate lets you switch between an official and a neutral look quickly.

In most cases, the wallet works well for police, security and tactical-style carry or for anyone who wants a slim, professional leather wallet. Keep the badge in the ID window when you must show credentials; remove it for off-duty or casual situations.

Care and notes

Follow basic leather care to keep the wallet functional and looking good, and handle the removable plate securely to avoid misplacement.
