Identification epaulettes for healthcare staff—professional shoulder straps designed for doctors, nurses and clinical personnel. They provide clear, on-uniform identification while remaining discreet and comfortable for long shifts.

- **Material:** Made from high-quality, durable fabric for everyday clinical use.
- **Use:** Clear professional ID for medical staff, suitable for hospitals and clinics.
- **Fit:** Slim, unobtrusive design that fits standard uniforms and allows free movement.
- **Personalization:** Can be customized with name and professional title.
- **Care:** Easy to clean and maintain to keep a neat appearance.

Product description:

Product overview

These Mostrine Personale Sanitario are a pair of enameled collar insignia designed for healthcare staff who want a neat, professional accent on their uniform. Definition: a pair of enameled healthcare collar insignia featuring a maroon single-point flame and a five-point silver

star.

They are made to fit most uniforms and service jackets, offering a durable, removable option for duty wear. Suitable for scrubs, lab coats, service blazers and some tactical or military surplus garments used by personnel on duty.

Main features

Solid build and clear design make these insignia a practical choice for everyday professional wear.

- **Pair of insignia:** sold as a set for both sides of the collar.
- **Distinctive design:** single-point maroon flame with a five-point silver star.
- **Size:** 25 x 50 mm — compact and low-profile.
- **Enameled finish:** hard enamel for a clean, lasting appearance.
- **Rear clamp attachment:** easy to fit and remove without sewing.
- **Durable materials:** made to retain appearance under regular use.

How to use / When it’s useful

Quick answer: attach the rear clamp over the collar or lapel where insignia are normally worn. Press until the clamp holds securely.

In most cases, these mostrine are used on duty uniforms, scrubs, lab coats, and service jackets to show professional affiliation and add a formal touch. They are also useful for ceremonies, inspections, and everyday identification on shift.

Care and notes

Follow simple care steps to keep the enamel and clamp in good condition.

- Avoid strong abrasives and harsh chemicals that could damage the enamel.
- Remove the insignia before machine washing or dry-cleaning garments when possible.
- Store the pair flat or in a small pouch to prevent scratches.
- Check the clamp periodically to ensure it remains secure after repeated use.

FAQ

Q: What size are the Mostrine Personale Sanitario?

A: Each insignia measures 25 x 50 mm, a compact size designed to sit neatly on most collars and lapels.

Q: How are the insignia attached to the uniform?

A: They use a rear clamp attachment that clips onto the fabric. The clamp allows easy application and removal without sewing.

Q: What material are they made of?

A: The insignia are enameled and made from durable base materials with a hard enamel finish to preserve the design and color.

Q: Are these suitable for all types of uniforms?

A: Yes, they are designed to be compatible with most healthcare uniforms, service jackets, and many tactical or military surplus garments used on duty.

Q: Are other color variants available?

A: Currently these are offered with a maroon single-point flame and a five-point silver star, as shown in the product images and description.

Q: How many insignia come in one purchase?

A: The item is sold as a pair (two insignia), ready to fit both sides of the collar or lapel.

Tip: Choose the right fit for your uniform type and check the clamp before first use; consider browsing related duty insignia and uniform accessories to complete your kit.
