How to use / When it’s useful

Use the rear clamp to attach the badge to the authorised position on a uniform or shirt. It is designed for visible display of driving qualification and for collectors who want an authentic-looking badge.

Quick answer: fasten the rear clamp and position the badge where your uniform regulations allow. In most cases, the larger 62 x 17 mm is for outer uniform placement and the 37 x 10 mm works for shirts or lighter garments.
