Product short description:

Mostrine Medico Odontoiatra are professional insignia badges made for dentists and dental surgeons and other dental staff. They provide a refined, practical accessory to complete medical uniforms with a neat, authoritative appearance.

- **Material:** Made from high-quality materials for a durable, polished finish.
- **Use:** Suitable for medical and dental professionals to identify role and competence.
- **Design:** Elegant, understated style that complements any uniform.
- **Application:** Easy to attach and remove for daily use and laundering.
- **Image:** Enhances a professional look and shows attention to detail.

Product description:

Product overview

The Mostrine Medico Odontoiatra are a pair of enamel shoulder insignia designed for dental and medical professionals who wear a uniform or duty attire. They show the traditional symbol of the Medico Odontoiatra and are intended for visible, professional identification.

Definition: These are enamel-clipped shoulder insignia (pair) featuring a maroon single-point flame and the staff of Asclepius symbol with an Omìcron (O). They suit medical uniforms and professional duty wear.

Main features

Quality materials and a secure clip attachment make these insignia both decorative and practical for everyday professional use.

- **Official look:** Designed specifically for Medico Odontoiatra with the staff of Asclepius and Omìcron (O).
- **Enamel finish:** Smaltate (enameled) for a glossy appearance and lasting color.
- **Secure clip:** Rear clamp attachment for easy fitting and reliable hold.
- **Visible size:** 25 x 50 mm—large enough to be seen without being bulky.
- **Pair sold together:** Supplied as a matching set for both shoulders.

How to use / When it’s useful

Quick answer: Attach each insignia to the shoulder area of your uniform or duty coat using the rear clamp; they are intended for formal medical and dental uniforms. In most cases, they are used by Medico Odontoiatra professionals for identification during clinical work, ceremonies, or official duties.

These insignia are suitable whenever a clear, professional symbol of role is needed on a uniform—hospital rounds, clinic reception, official events, or formal inspections. They are also useful as collector or display items for uniform accessories and medical insignia enthusiasts.

Care and notes

Simple care keeps the enamel and metal looking their best; handle the clamps gently to avoid bending.

- Wipe with a soft, dry cloth; avoid harsh chemicals that can damage the enamel.
- Check the clamp before use to ensure a secure fit and avoid stress on the attachment.
- Store flat in a dry place to prevent scratching and moisture damage.
- Limited availability: these items are produced in small quantities and may sell out quickly.

FAQ

Q: What material are the insignia made of?

A: The insignia are made with a gold-colored metal base and an enameled finish for a glossy, durable appearance.

Q: How do I attach the Mostrine Medico Odontoiatra?

A: Each piece has a rear clamp (morsetto) that clips onto the shoulder area of a uniform for easy application and stable hold.

Q: What are the exact dimensions?

A: Each insignia measures 25 x 50 mm, a size designed to be clearly visible without being obtrusive.

Q: Does the symbol have a specific meaning?

A: Yes—the symbol shows the staff of Asclepius with a coiled serpent and an Omìcron (O), a traditional emblem associated with medical practice.

Q: Are these sold individually or as a set?

A: They are sold as a pair, one for each shoulder, to provide a matched, professional appearance.

Q: Are these suitable for regular daily wear on duty uniforms?

A: Yes—made for professional use on uniforms, they are appropriate for routine duty, ceremonies, and official duties when handled and cared for correctly.

Tip: Choose the correct position on your uniform and check the clamp fit before each use; consider browsing other uniform accessories and medical insignia to complete your professional set.
