## €22.00 tax included

**Product codes:**

Reference: Art. 07.74714
EAN13: 0658606566507
UPC: 658606566507

**Product features:**

**Product short description:**

Foldable Charger Pouch is a compact, foldable bag for chargers and small electronic accessories, ideal for travel, work or everyday carry. It keeps cables and devices organised and readily accessible.

- **Material:** Durable, lightweight materials with a zip closure to secure contents.
- **Design:** Folds flat to save space and fits easily into a backpack or bag.
- **Storage:** Multiple pockets and compartments for chargers, cables and small devices.
- **Use:** Practical for travel, work and daily carry to keep essentials tidy and within reach.

**Product description:**

### Product overview

The Foldable Magazine Pouch is a compact, belt-attachable pouch designed for shooters, law enforcement, and tactical enthusiasts who need a practical way to carry and organize magazines. Definition: it is a foldable Cordura pouch that holds magazines securely and attaches to a belt for quick access.

Made from durable green Cordura, this pouch features a Velcro flap, adjustable side elastics, a rear belt loop and a drainage hole. It folds flat for storage and opens to 13 cm (W) x 13 cm (D) x 20 cm (H), offering a balance of capacity and low profile for tactical, military surplus, duty, and police use.

**Main features**

Core features built for durability, quick access and practical carry.

- **High-quality material:** Constructed from green Cordura for abrasion and tear resistance.
- **Velcro closure:** Fast and secure access to magazines.
- **Adjustable side elastics:** Side straps adapt to different magazine sizes.
- **Rear belt loop:** Securely attach to belts for on-the-hip carry.
- **Drainage hole:** Prevents moisture buildup inside the pouch.
- **Compact dimensions:** Open size 13 x 13 x 20 cm for useful capacity without bulk.

**How to use / When it’s useful**

Quick answer: attach the pouch to your belt with the rear loop, place magazines inside, secure with the Velcro flap and adjust the side elastics as needed. In most cases, it works well for range days, training, or as a lightweight carry option on patrol.

The foldable design lets you stow the pouch flat when not in use to save space in a kit bag or locker. Use the adjustable elastics to accommodate different magazine profiles; the drainage hole helps keep contents dry after exposure to moisture.

**Care and notes**

Simple care keeps the pouch functional and extends its service life.

- Wipe clean with a damp cloth; avoid harsh chemicals or solvents.
- Do not expect full waterproofing; the drainage hole prevents pooling but the pouch is not waterproof.
- Check Velcro and elastic tension regularly and replace if worn.

## FAQ

**Q:** What are the pouch dimensions when open?

**A:** The pouch opens to 13 cm wide x 13 cm deep x 20 cm high. These compact dimensions provide usable space without being bulky.

**Q:** Is the pouch waterproof?

**A:** No. The pouch includes a drainage hole to prevent moisture buildup, but it is not fully waterproof. Avoid prolonged exposure to heavy rain or submersion.

**Q:** Can I attach it to my duty belt?

**A:** Yes. The rear belt loop is designed to secure the pouch to standard belts for tactical, duty, or police carry.

**Q:** Are the side elastics adjustable for different magazine sizes?

**A:** Yes. The elastics on the sides can be adjusted to better fit varying magazine profiles, improving retention and fit.

**Q:** What material is the pouch made from?

**A:** The pouch is made from green Cordura, a durable fabric known for resistance to abrasion and tearing.

**Q:** Is the pouch foldable for storage?

**A:** Yes. The foldable design allows the pouch to be collapsed for compact storage when not in use, saving space in kits or bags.

**Tip:** Choose the variant or size that matches your magazines and belt width, and consider browsing related tactical and military surplus pouches to build a coordinated kit.
