- **Design:** Elegant, professional look intended to be worn on uniforms or work clothing.
- **Use:** Suitable for aviation chemistry professionals, students and enthusiasts.
- **Meaning:** A visible recognition of contribution to safety and innovation in the skies.

Product description:

Product overview

The Distintivo Categoria Chimica Aeronautica is a gold-colored metal badge intended for professionals and service personnel in aeronautical chemistry and related military duties. Definition: the badge features an atomic structure inside a circular disc flanked by two open wings, identifying the wearer’s role in chemical aeronautics.

Designed for uniforms and formal wear, this badge suits military, tactical, and duty applications where clear professional identification is required.

Main features

Key details and benefits at a glance.

- **Distinctive design:** atomic structure inside a roundel between two open wings.
- **High-quality material:** made in gold-colored metal for durability and a professional look.
- **Two sizes available:** large for jackets (65 mm x 16 mm) and reduced for shirts (40 mm x 10 mm).
- **Secure attachment:** rear clamp fittings for easy application and removal.
- **Professional identification:** marks membership or qualification in Categoria Chimica Aeronautica Militare roles.

How to use / When it’s useful

Quick answer: Wear the large 65 mm x 16 mm badge on service jackets for formal occasions and the 40 mm x 10 mm version on shirts or less formal uniforms. Use the clamp back to attach the badge securely.

In most cases, the badge is appropriate for inspections, ceremonies, daily duty uniforms, or as part of a tactical/military surplus collection. Ensure the fabric can support the clamp fittings before attaching.

Care and notes

Simple care will keep the badge presentable and protect your uniform.

- Wipe with a soft, dry cloth to remove fingerprints and light dirt.
- Avoid harsh chemicals or abrasive cleaners that could affect the finish.
- Store flat and separate from sharp objects to prevent scratches.
- Handle clamps carefully; they can stress thin or delicate fabrics.
- Limited availability due to demand—check stock before planning uniform issue.

FAQ

Q: What sizes are available for the Distintivo Categoria Chimica Aeronautica?

A: The badge is available in two sizes: jacket size 65 mm x 16 mm and shirt size 40 mm x 10 mm. Select the desired format from the product menu.

Q: How do I attach the badge to my uniform?

A: The badge uses rear clamp fittings for attachment. Push the clamps through the fabric and secure them on the inside to hold the badge in place.

Q: What material is the badge made of?

A: It is made of gold-colored metal designed for durability and regular wear. The finish provides a professional appearance suited to duty and ceremonial use.

Q: Can the badge be customized?

A: At present the badge is sold only in the standard design showing the atomic structure between two wings. No custom versions are available.

Q: How long does shipping take after I place an order?

A: Shipping times can vary by destination, but orders are generally dispatched within 5–7 business days from the order date.

Q: Is the badge always in stock?

A: Stock is limited and demand is high among professionals. Availability can change quickly, so check current stock before completing an order.

Tip: Choose the size that matches your uniform (65 mm x 16 mm for jackets, 40 mm x 10 mm for shirts) and add the correct variant to your cart. Browse related military, tactical, and duty accessories to complete your uniform set.
