How to use / When it’s useful

Quick answer: attach the badge by fastening the rear clamps to the appropriate point on your jacket or shirt; choose the jacket size for outerwear and the reduced size for shirts. In most cases, the clamps allow secure wear for events, parades, official duties, or when adding to a collection.

Use this badge on service or ceremonial uniforms where category insignia are required or desired. It also fits well in military surplus offerings, tactical displays, and for those assembling duty or police-style collections.

Care and notes

Basic care keeps the badge looking its best and prevents damage to uniforms.

- Remove the badge before washing or dry-cleaning garments to protect both fabric and metal.
- Ensure clamps are properly closed to avoid loss; avoid forcing fittings onto very delicate fabrics.
- Store in a dry place to reduce tarnish; wipe with a soft cloth to remove fingerprints.
- Availability may be limited—stock can run low due to demand.
