Product features:

Product short description:

The Distintivo Categoria Infrastrutture Aeronautica badge is a professional insignia for aviation infrastructure personnel. It is intended for uniformed staff and aviation professionals who work to maintain safe, efficient airport and airfield operations.

- **Material:** Made from high-quality materials for a durable, refined finish.
- **Use:** Designed to be worn on uniforms and professional clothing.
- **Design:** Elegant, detailed styling that reflects commitment and professionalism.
- **Ideal for:** Members of Categoria Infrastrutture Aeronautica, ground staff, and collectors.

Product description:

Product overview

The **Distintivo Categoria Infrastrutture Aeronautica** is a gold-tone metal badge for personnel and collectors related to Aeronautica Militare infrastructure roles. It is intended for service use on uniforms and for display by enthusiasts.

Definition: this is a metal category badge that shows, between two open wings, a roundel with an electrical pylon and a viaduct—symbols of aeronautical infrastructure.

Main features

Clear, durable construction designed for uniform wear and collection. Key features at a glance:

- **Distinctive design**: open wings framing a roundel with a traliccio elettrico (electrical pylon) and a viadotto (viaduct).
- **High-quality material**: gold-tone metal finish for durability and professional appearance.
- **Two sizes available**: jacket size 65 mm x 16 mm and shirt size 40 mm x 10 mm.
- **Secure fasteners**: rear clamp attachments allow easy application and removal.
- **Represents affiliation**: worn as a sign of role and membership in the infrastructure category.
- **Limited availability**: produced in restricted quantities, sought after by professionals and collectors.

How to use / When it’s useful

Quick answer: use the 65 mm x 16 mm badge on jackets and the 40 mm x 10 mm version on shirts to match uniform standards. Attach the badge using the rear clamp fasteners and position it according to your service guidelines.

In most cases, the badge is worn for official duty, ceremonies, or as part of a service uniform; it also suits collectors who display military insignia. The clamps make it easy to move between garments, but always check placement rules for your unit before wearing.

Care and notes

Simple care keeps the badge presentable and lasting. Follow these practical notes:

- Wipe gently with a soft, dry cloth; avoid abrasive cleaners and strong chemicals.
- Store in a dry place to prevent tarnishing of the metal finish.
- Not customizable: the badge is supplied only in the standard design and sizes listed.
- Follow your service or unit regulations for placement and authorized wear.

FAQ

Q: What sizes does the badge come in?

A: The badge is available in two formats: jacket size 65 mm x 16 mm and reduced shirt size 40 mm x 10 mm. Choose the size that matches your uniform requirements.

Q: How is the badge attached to clothing?

A: It uses rear clamp fasteners for secure attachment and easy removal. Ensure the clamp is correctly seated to avoid shifting during wear.

Q: Can the badge be personalized or engraved?

A: No. This badge is offered only in the standard design representing Aeronautica Militare infrastructure and is not available for customization.

Q: Is the badge durable for regular use?

A: Yes. The badge is made in gold-tone metal designed for long-term wear, but avoid abrasive contact and excessive moisture to maintain its finish.

Q: How do I buy the badge?

A: Add the desired size to your cart on the product page and complete checkout as usual. Select the correct format from the dropdown menu before purchase.

Q: Is the badge widely available?

A: Availability is limited; demand is high among professionals and collectors. If you need a specific size, consider ordering sooner rather than later.

Tip: Choose the right variant—65 mm x 16 mm for jackets or 40 mm x 10 mm for shirts—and check your unit's wear rules. While browsing, consider related tactical and military surplus insignia to complete a uniform or collection.
