How to use / When it’s useful

Quick answer: slide the rear loop over the shoulder seam of the service jacket and secure the button to keep the shoulder board in place. These are intended for use with the Italian Army ordinary (service) uniform to present a formal, disciplined look.

In most cases, they are used during daily duty, formal inspections and parades. Collectors may also purchase for display if they hold the required prefectorial license (ex art. 28 TULPS) or if purchase is made by verified military personnel.

Care and notes

Basic care keeps the boards looking tidy and preserves the metal button.

- Wipe clean with a soft, slightly damp cloth; avoid machine washing.
- Store flat or laid on soft tissue to protect shape and button finish.
- Product reserved to Italian Army personnel; collectors must provide a prefectorial license (ex art. 28 TULPS) to purchase.
- Sale requires documentation proving military status or licensed collector status.
