How to use / When it’s useful

Quick answer: wear the Nastrino di Merito above the left breast pocket after decorations, as specified by the Comando Generale dei Carabinieri. It is used to identify sustained participation in public order operations and to display earned merit on duty and ceremonial uniforms.

In most cases, the ribbon is suitable for both daily duty and formal events; choose the flat version for everyday wear and the slightly domed Elite or screw-mounted option for ceremonial or long-term mounting. For multiple ribbons, use a multi-ribbon holder to keep a professional, regulation-compliant appearance.

Care and notes

Simple care preserves appearance and ensures compliance with uniform rules.

- Follow Carabinieri uniform regulations: wear only if officially authorized to display the ribbon.
- Choose the mounting type (clip or screws) that matches your uniform and installation preference.
- Keep the ribbon clean with a soft cloth; avoid harsh chemicals or abrasives that could affect the finish.
