How to use / When it’s useful

Quick answer: wear the ribbon on your uniform ribbon bar or mount it on a multi-ribbon holder when authorized by uniform regulations. The flat version is the most common choice for standard duty wear; the Elite curved model fits uniforms where a domed look is preferred.

In most cases, personnel order the ribbon as a replacement or to complete a ribbon set for dress or ceremonial uniforms. Tutto Militare also offers mounting on multi-ribbon bars for an orderly presentation when multiple awards are worn together.

Care and notes

Keep the ribbon clean and attached according to your unit’s uniform regulations; choose the attachment style that matches your existing ribbon mounts.

- Store in a dry place to avoid fabric or metal corrosion.
- Choose clamp or screw fittings to match your ribbon bar style.
- If purchasing for uniform wear, confirm approval with your chain of command or unit dress code.
- Loose ribbon option is useful for custom mounting or replacing worn ribbons.
