Product short description:

Porta Nastrini a 8 Posti is a compact, practical ribbon holder designed for crafters, DIYers and decorators who need tidy storage. It keeps up to eight ribbons organized and easy to select for any occasion, and is built for everyday use.

- **Material:** Constructed from quality materials for reliable strength and long-lasting use.
- **Capacity:** Stores up to eight ribbon spools or rolls for quick access during projects.
- **Use:** Ideal for DIY, gift wrapping, sewing, floral arranging and general craft work.
- **Design:** Compact footprint fits worktables, studios or home desks while keeping your space neat.

Product description:

Product overview

The 8-place metal ribbon bar is a polished, durable accessory for military, police and duty uniforms or display boards, designed for veterans, service members and collectors who want a neat, professional presentation of their ribbons. It holds up to eight ribbon mounts in a compact

layout and works well for tactical and military surplus displays.

Definition: a ribbon bar is a metal mount that groups and displays service ribbons and commendations on a uniform or display board. It is made from metal and is available with different rear attachments to suit existing ribbons.

Main features

Compact, sturdy and user-selectable, this ribbon bar combines clean styling with practical compatibility for common ribbon widths.

- **Capacity:** Holds up to 8 ribbons (arranged as two lower rows of three and one upper row of two).
- **Metal construction:** Made from quality metal for a refined, professional finish.
- **Attachment options:** Choice of rear clip (morsetto) or screw mounting via a dropdown selection.
- **Fits common sizes:** Compatible with 37 mm and 20 mm ribbon formats.
- **Pre-drilled holes:** Factory-prepared holes for secure and orderly ribbon placement.
- **Suitable uses:** Ideal for uniforms, displays, awards cabinets, and as a meaningful gift.

How to use / When it’s useful

Quick answer: choose the clip or screw option from the dropdown depending on how your current ribbons are mounted, then attach your ribbons to the pre-drilled holes for a tidy presentation. This product is useful whenever you need a compact, professional way to wear or display multiple ribbons.

In most cases, the clip option is best for temporary attachment to uniforms; the screw option gives a more permanent mount for display boards or uniforms that allow screw fittings. It works well for military, police, tactical and ceremonial settings.

Care and notes

Keep the ribbon bar looking its best with basic care and the correct mounting choice. Follow these simple notes:

- Wipe clean with a soft, dry cloth; avoid abrasive cleaners that could damage the finish.
- Check fasteners periodically (clips or screws) to ensure ribbons remain secure.
- Select the correct attachment type (clip or screw) when ordering to match existing ribbon fittings.
- Confirm ribbon widths (37 mm or 20 mm) before fitting to ensure proper alignment.

FAQ

Q: What ribbon sizes does this bar fit?

A: The bar is designed to accept standard ribbon sizes of 37 mm and 20 mm as stated. Choose the mounting option that matches your ribbon backing.

Q: How many ribbons can I mount?

A: It holds up to eight ribbons in a layout of two rows of three with an upper row for two ribbons, giving a balanced and clear display.

Q: Which attachment should I choose: clip or screws?

A: Choose clip for easy, removable attachment to uniforms; choose screws for a more permanent, secure fit on display boards or uniforms that accept screw fittings.

Q: Is the product durable?

A: Yes. The ribbon bar is made from metal and manufactured for long-term use; regular checks of clips or screws will help maintain security and appearance.

Q: Can this be given as a gift?

A: Absolutely. It makes a respectful and practical gift for someone who has served and wishes to display their ribbons neatly and professionally.

Q: Is the item always in stock?

A: Availability can vary. The product is popular for uniforms and displays, so it’s best to add your preferred variant to the cart when you find the right attachment and size.

Tip: Choose the correct attachment variant (clip or screw) and confirm ribbon widths before ordering; check related uniform and display accessories to complete a coordinated presentation.
