- **Carry:** Intended for neck carry; consult the product listing to confirm included sheath or lanyard
- **Condition:** New unless otherwise indicated in the listing

Product description:

Product overview

The Neck Knife Maserin is a compact fixed-blade neck knife designed for outdoor enthusiasts, campers, and anyone who needs a lightweight cutting tool for everyday or tactical use. It combines a short satin-finished 440C stainless steel blade with a kydex sheath for secure carry.

Definition: A neck knife is a small fixed-blade knife intended to be worn around the neck for fast, convenient access. This model suits tactical, military surplus, and duty-style gear needs while remaining practical for daily tasks.

Main features

Solid, simple construction focused on portability, corrosion resistance, and quick access.

- **Blade:** 50 mm satin-finished 440C stainless steel for corrosion resistance and lasting edge retention.
- **Compact size:** Total length 11 cm, easy to carry and unobtrusive when worn.
- **Lightweight:** Only 46 grams, comfortable for long wear as a neck knife or on a light kit.
- **Kydex sheath:** Secure retention and rapid, reliable access when needed.
- **Versatile use:** Suitable for camping, everyday carry, and duty-related tasks that require a small fixed blade.

How to use / When it’s useful

Quick answer: Wear the knife on a neck cord or mount it to light gear for immediate access. Use it for small cutting tasks like cordage, food prep at camp, or opening packaging.

In most cases, the Neck Knife Maserin is best for short, precise cuts rather than heavy chopping. Its small size and low weight make it ideal when you need a reliable backup blade without bulk.

Care and notes

Basic care keeps the blade performing: clean, dry, and inspect regularly. Store in the sheath when not in use and handle safely at all times.

- Wipe blade clean after use and dry thoroughly to prevent spotting.
- Lightly oil the blade if stored for long periods to protect against corrosion.
- Keep the kydex sheath dry; inspect retention and fit periodically.
- Handle with care and keep out of reach of children; follow local regulations when carrying knives.

FAQ

Q: What is the total length of the Neck Knife Maserin?

A: The total length is 11 cm, making it compact and easy to wear or stow on lightweight gear.

Q: What material is the blade made from?

A: The blade is satin-finished 440C stainless steel, chosen for good corrosion resistance and

edge retention for a small fixed blade.

Q: How much does the knife weigh?

A: The Neck Knife Maserin weighs 46 grams, keeping it very light for all-day carry around the neck or on duty kits.

Q: Is a sheath included?

A: Yes, it comes with a kydex sheath that secures the blade and allows for quick, reliable access when needed.

Q: Is this knife suitable for daily use?

A: Yes. It is designed for everyday cutting tasks and outdoor uses where a small, precise fixed blade is appropriate.

Q: Is the Neck Knife Maserin in stock?

A: Availability can be limited due to demand. If stock is low, consider checking back or selecting related items on the site.

Tip: Choose the right carry option for your needs (neck cord or light kit mount) and browse related tactical and duty gear for compatible accessories and alternatives.
