Product short description:

Passamontagna Vegetato Tre Fori is a Vegetato camouflage balaclava for outdoor enthusiasts who need face and neck protection and comfort. The three-hole design offers clear visibility and freedom of movement in cold conditions.

- **Material:** Breathable, durable fabric that retains warmth while allowing ventilation.
- **Design:** Three-hole layout for clear sight and freedom of movement.
- **Use:** For winter sports, hiking and outdoor activities needing face and neck protection.
- **Fit:** Stretch construction for a snug fit; works with helmets and headgear.

Product description:

Product overview

The Passamontagna Vegetato Tre Fori is a 100% cotton three?hole balaclava designed for people who need soft, breathable face and neck coverage for outdoor or tactical-style use. It suits outdoor enthusiasts, tactical gear collectors, and anyone looking for a comfortable, practical face cover for cold or windy conditions.

Definition: A three-hole vegetato-pattern balaclava in one size, 36.5 cm long, that covers the neck and most of the face while leaving the eyes and mouth open. The cotton fabric is soft on skin and designed for everyday wear and light-duty use.

Main features

Key features at a glance—natural material, practical cut, and a camouflage-style pattern suitable for tactical, military surplus, duty-style, and outdoor wardrobes.

- **Material:** 100% cotton—soft, breathable, and comfortable against the skin.
- **Three-hole design:** Full face and neck coverage with openings for eyes and mouth to maintain visibility and breathing.
- **One size:** Elastic fit designed to suit most adults and some youths.
- **Length:** 36.5 cm for good neck and lower-face coverage.
- **Vegetato pattern:** Camouflage-style look for a tactical or outdoor appearance; printed for wash resistance when cared for properly.

How to use / When it’s useful

Quick answer: Use this balaclava as a face and neck cover during cold weather, windy conditions, or outdoor activities where breathability and comfort matter. It is lightweight enough for layering under helmets or jackets.

In most cases, it is useful for skiing, snowboarding, cycling, hiking, and general outdoor work or recreation. It also fits into tactical, military surplus, and duty-style kits as a non-certified, comfort-focused face cover.

Care and notes

Follow simple care steps to keep fit and appearance. The item is not certified as protective equipment and should not be used as PPE for ballistic, chemical, or certified safety purposes.

- Machine wash at low temperature; follow the garment label instructions.
- Avoid bleach and high tumble-dry heat to preserve fabric and print.
- Reshape and air dry to maintain fit and length (36.5 cm).
- Pattern is printed for wash resistance—proper care extends life and color retention.

FAQ

Q: Is this balaclava suitable for all seasons?

A: Yes. The cotton fabric is breathable and can be used in a range of temperatures, though it is best for cool to cold weather rather than hot climates.

Q: How should I wash the Passamontagna Vegetato Tre Fori?

A: Machine wash on a low setting and follow the label instructions. Avoid bleach and high tumble-dry heat to preserve the fabric and print.

Q: Can I use this for sports like skiing or cycling?

A: Absolutely. The three-hole design allows good breathability and compatibility with helmets, making it suitable for skiing, snowboarding, cycling, and hiking.

Q: Is the balaclava available in other sizes?

A: No, it is offered in one size. The elastic cotton construction is designed to fit most adults comfortably.

Q: Will the vegetato pattern fade after washing?

A: The pattern is printed to resist fading, but following the care instructions (low-temp wash, no bleach, air dry) will help maintain the appearance over time.

Q: Is this balaclava certified protective equipment?

A: No. This product is a comfort and weather protection garment, not certified PPE; it should not be relied on for ballistic, chemical, or certified safety protection.

Tip: Check the fit before use and consider layering under helmets or jackets for extra warmth. Browse related tactical, military surplus, and outdoor accessories to complete a suitable kit or look.
