- **Use:** For uniforms, gear or display in collections.
- **Condition:** Official product, carefully finished; intended for authorized personnel and licensed collectors.

Product description:

Product overview

The Patch Tondo Teseo Tesei Raggruppamento Subacquei Incursori is a round embroidered unit patch designed for personnel and verified collectors who value authentic naval insignia. It

represents the Comando Subacquei e Incursori “Teseo Tesei” (COMSUBIN) of the Italian Navy and is suited for tactical, military surplus and duty uniform use.

Definition: a 8 cm diameter embroidered military patch showing the historic COMSUBIN emblem for use on uniforms, jackets, backpacks or display. This military patch is weather-resistant and made from high-tenacity fabric for long service life.

Main features

Clear, durable design built to match the emblem and practical attachment options for field use or collection display.

- **Unit represented:** COMSUBIN – Comando Subacquei Incursori (Teseo Tesei)
- **Shape:** Round
- **Size:** 8 cm diameter
- **Design elements:** alligator biting a gladius on a red field, anchor on blue background, crossed gladii and circular unit inscription
- **Colors:** red, light blue, yellow-gold and black
- **Material:** high-tenacity embroidered fabric, weather resistant
- **Attachment:** available for sewing or Velcro application
- **Intended use:** uniform, tactical jacket, plate carrier, backpack or collector display

How to use / When it’s useful

Use this patch to identify unit affiliation or to enhance a tactical kit, duty uniform or military surplus collection. It fits common placement areas: chest, shoulder, sleeve, caps or tactical bags.

Quick answer: attach by sewing for permanent use or use the Velcro version for removable placement. In most cases, the Velcro option is preferred on tactical clothing and softshells for easy removal or transfer between garments.

Care and notes

Basic handling and purchase notes to keep the patch in good condition and to comply with sale restrictions.

- **Attachment care:** follow the garment manufacturer’s care instructions when the patch is attached; remove the patch if instructed by the garment care label.
- **Durability:** embroidered, high-tenacity fabric offers resistance to weather and normal wear.
- **Purchase restrictions:** sale is regulated—personnel in service must provide service ID; collectors must provide a prefectoral license (ex art. 28 TULPS).
- **Shipping:** delivery to a military address (caserma) is allowed for verified personnel.

FAQ

Q: What size is the patch?

A: The patch has a diameter of 8 cm. It is sized for standard uniform and equipment placement such as sleeves, chest and caps.

Q: Is this an official COMSUBIN emblem?

A: Yes. The design represents the emblem of the Raggruppamento Subacquei Incursori Teseo Tesei as used by the unit.

Q: How is the patch applied?

A: The patch is available for sewing or with a Velcro backing depending on the variant. Velcro allows quick removal and transfer between garments.

Q: Is the patch weather resistant?

A: The patch is made from high-tenacity embroidered fabric and is designed to resist normal outdoor conditions and atmospheric agents.

Q: Do I need documentation to buy this patch?

A: Yes. Active service personnel must provide proof of service; collectors must present a prefectoral license under ex art. 28 TULPS to complete the purchase.

Q: Can I have the patch shipped to a barracks address?

A: Yes. Verified military personnel may use a caserma (barracks) address as the shipping destination once order approval is confirmed.

Tip: Choose the attachment variant that matches your needs (sew-on for permanence, Velcro for modular use) and check related tactical patches and military surplus insignia to complete your uniform or collection.
