How to use / When it’s useful

Quick answer: wear the cloak over the uniform for cold weather patrols, official ceremonies, parades and other formal occasions where a traditional appearance and additional warmth are required. The design keeps the cloak stable at the neck while allowing free arm movement under the wide body.

In most cases, the Mantella Pura Lana Carabinieri is used as a duty or ceremonial garment rather than an everyday casual coat. It is suitable for police and military surplus collectors who want an authentic, service-style cloak that combines tactical practicality with formal presentation.
