Product short description:

The Braccialetto Paracord 550 Woodland Camo is a durable paracord bracelet combining practical utility with an outdoor, military-inspired look. Ideal for hikers, campers, survival-kit users and anyone who wants a sturdy, low-profile wrist accessory.

- **Material:** Made from high-quality 550 paracord for strength and reliability.
- **Pattern:** Woodland camo finish for an authentic outdoor appearance that pairs well with field gear.
- **Use:** Suitable for hiking, camping and everyday carry - a compact cord resource when needed.
- **Versatility:** Can be unraveled for basic emergency or improvised uses.

Product description:

Product overview

The Paracord 550 Woodland Camo bracelet is a wearable survival accessory for outdoor enthusiasts, campers, hikers, sailors, hunters, tactical users and police or duty personnel. It

combines a camouflage look with practical utility for everyday carry and emergency use.

Definition: a bracelet made from 550 paracord in a woodland camo millepiedi weave that can be quickly unraveled to provide several meters of cord.

Main features

Built to be both durable and functional, this paracord bracelet offers a compact cord supply in a low-profile, tactical style.

- **Material:** Made from 550 paracord (used by parachutists for reliability).
- **Strength:** Paracord 550 has a rated breaking strength up to 250 kg.
- **Weave & finish:** Millepiedi (centipede) braid in woodland camo extending to the buckle.
- **Emergency use:** Can be unraveled to access several meters of cord for temporary repairs or lashing.
- **Custom fit:** Provide your wrist measurement in cm and the bracelet will be tailored to size.
- **Versatile:** Suitable for camping, boating, hunting, hiking, tactical and military surplus gear collections.

How to use / When it’s useful

Quick answer: wear it as an everyday bracelet and pull one end to unravel the cord when you need it. The braid releases easily so you can deploy the cord quickly in an emergency.

In most cases, the cord is useful for temporary repairs, securing gear, making lanyards or tying shelter lines while camping or on duty. It is a compact, practical option for outdoor, tactical and travel situations where lightweight cordage is helpful.

Care and notes

Simple care keeps the bracelet looking and performing well; it’s also important to provide accurate sizing when ordering.

- Measure your wrist in centimetres with a tape measure and tell us the size for a custom fit.
- Clean with mild soap and water, rinse and air dry; avoid harsh chemicals that can weaken the cord.
- Not intended or certified for climbing, load-bearing rescue or life-safety applications.
- Limited availability: consider ordering promptly if you need a specific size or variant.

FAQ

Q: Is the bracelet adjustable?

A: Yes. We can customize the bracelet length to your wrist measurement in centimetres for a

comfortable fit.

Q: How strong is the paracord 550?

A: Paracord 550 is rated up to about 250 kg breaking strength. It provides reliable cordage for general outdoor and utility uses.

Q: Can I wear this bracelet every day?

A: Yes. The design is suitable for daily wear and outdoor activities; the camo pattern also fits tactical and military surplus styles.

Q: How do I unravel the bracelet in an emergency?

A: Pull one of the bracelet ends to loosen the millepiedi weave and extract the cord. It is designed for quick deployment when needed.

Q: Is this a good gift for outdoor lovers?

A: Yes. It’s a practical, easy-to-carry gift for people who enjoy camping, hiking, boating or tactical gear collections.

Q: How do I provide my wrist size?

A: Measure around your wrist with a tape measure in centimetres and enter the measurement when ordering so we can adjust the length.

Tip: Choose the correct wrist size when ordering and check related tactical and paracord items for matching gear. Consider browsing other military surplus and duty-ready accessories to complete your kit.
