Product short description:

Bronze Star for military ribbons: a small decorative star designed to add a refined, distinctive touch to ribbon bars and small decorations. Ideal for ceremonial uniforms, collectors, reenactors and creative projects.

- **Material:** Made from high-quality materials with a bright bronze finish that reflects light.
- **Use:** Personalises ribbon bars, lapel decorations, ceremony wear and craft items.
- **Application:** Easy to attach to ribbons and fabric decorations.
- **Style:** Subtle, sophisticated accent that enhances the original ribbon.
- **Occasions:** Suitable for ceremonies, commemorations, events and display pieces.

Product description:

Product overview

The Stellina Bronzo for military ribbons is a small bronze five-point star designed for service ribbons used by Armed Forces, Police and chivalric orders. It is intended for service members, police personnel, collectors and anyone who needs a discreet ribbon device to indicate missions,

length of service or merit.

Definition: A bronze 5-point ribbon star (8 mm) that marks missions, seniority or class on military and police ribbons.

Main features

Solid, simple design made for clear identification on standard ribbon bars; suitable for tactical, military surplus and duty uniforms.

- **Material:** High-quality bronze metal for lasting appearance and resistance.
- **Design:** Five-point star with a clean, professional look.
- **Size:** 8 mm diameter, compact and unobtrusive on ribbons.
- **Versatile use:** Indicates number of missions, service seniority, merit or order class.
- **Easy placement:** Designed to be positioned at the center of ribbon bars for quick personalization.

How to use / When it’s useful

Quick answer: place the star at the center of the ribbon to show missions, years of service, or a merit class. It is useful for uniform presentation, official ceremonies, or restoring a ribbon display.

In most cases, the Stellina Bronzo is added to single or stacked ribbon bars to convey rank-related or award-related details without altering the ribbon itself. It also works well for police and tactical duty uniforms and for collectors arranging military surplus displays.

Care and notes

Minimal care keeps the bronze star looking its best and ensures secure placement on ribbon bars.

- Wipe with a soft, dry cloth to remove fingerprints and light dirt.
- Avoid abrasive cleaners or strong chemicals that could affect the finish.
- Check the attachment periodically to ensure the star remains secure on the ribbon.
- Small item: keep out of reach of children and handle carefully to avoid loss.

FAQ

Q: What size is the Stellina Bronzo?

A: The star measures 8 mm in diameter, a compact size designed to fit well on standard service ribbons without being obtrusive.

Q: What material is the star made from?

A: It is made from bronze metal, chosen for durability and a traditional appearance suitable for military and police uniforms.

Q: What does the star indicate on a ribbon?

A: It is used to mark completed missions, periods of service or command seniority, and can also denote merit or class within chivalric orders.

Q: Is the star suitable for all uniforms?

A: Yes, the design is intended for use on Armed Forces, Police and order uniforms; placement should follow the issuing authority’s regulations where applicable.

Q: How is the stellina applied to the ribbon?

A: The star is positioned at the ribbon’s center for a clean look. Application is straightforward, but follow any uniform or award rules for placement and attachment.

Q: Is this item commonly available?

A: Stock can be limited due to demand. If you need the piece for an upcoming event, consider ordering promptly to ensure availability.

Tip: Choose the correct size variant for your ribbon bar and browse related items (ribbon mounts, mounting tools, and replacement ribbons) to complete the uniform or repair project without delay.
